

## HOLD INCOME TAX CONSTITUTIONAL

Supreme Court Sweeps  
Aside Every Contention  
Raised Against Law

## DECISION IS UNANIMOUS

Opens Way for Increasing Tax  
Rate on Great Fortunes to Help  
Pay for National Defense

## WHITE ANNOUNCES FINDING

WASHINGTON, Jan. 24.—The income tax was declared constitutional today by the supreme court in an unanimous decision which swept aside every contention raised against it, and in the opinion of congressional leaders, opened the way for increasing the tax rate on great fortunes to help pay for national defense.

### Propose Tax of Fifty Percent.

Proposals are pending in congress to tax incomes of more than \$1,000,000 as high as fifty per cent. Leaders on all sides agree that out of the impetus which the decision today will give such proposals is likely to come a definite movement to levy of the revenues from great private fortunes for some of the millions the government must raise to carry out the army and navy increases.

"The supreme court's decision has absolutely unfettered the income tax as a source of revenue," said Representative Hull of Tennessee, author of the law.

"All doubt is removed and congress is left much freer to act. I believe congress will take advantage of the opportunity to amend the law materially. Without any unusual or unjust charges it can be made to yield \$185,000,000 to \$195,000,000 a year, as against \$85,000,000 or \$90,000,000 at present."

### Hull Preparing Amendments.

Representative Hull is preparing amendments to carry the tax to incomes below \$3,000 and make graded increases in the sur-taxes on incomes exceeding \$20,000 a year.

So far the problem of raising the revenue for national defense, although approached from many angles, has not been carried toward any definite solution, because with the constitutionality of the income tax undecided administration leaders were reluctant to place too much dependence on it. In its decision the supreme court construed for the first time the sixteenth amendment to the constitution under which the tax is levied, and gave it the broadest interpretation possible rejecting suggestions to confine its scope to narrow limits. The decision was announced by Chief Justice White and was unanimous. It was rendered in the appeal of Frank R. Brushaber from the action of the New York federal court for refusal to enjoin the Southern Pacific of which Brushaber was a stockholder from paying the tax. The case raised substantially every point involved in all five income tax cases before the court with the exception of the effect of the provision allowing mining corporations to make a five per cent deduction annually from gross income for depleted mines. This provision is regarded as being an amendment to the old corporation tax rather than a feature of the income tax.

The basic error of those who attacked the constitutionality of the tax, Chief Justice White held was in regarding the sixteenth amendment as empowering the United States to levy a direct tax without apportionment among the states according to population. In substance, the court held that the sixteenth amendment had not empowered the federal government to levy a new tax, but that "the whole purpose of the amendment was to relieve all income taxes from a consideration of the source whence the income was derived."

Those opposing the tax had urged that the sixteenth amendment provided that income "from whatever source derived" should be taxed without regard to proportionment among the states. They argued that the Underwood-Simmons tax provision by reason of exemptions of certain incomes from taxation had not come within the meaning of the amendment.

Power Has Never Been Questioned. Chief Justice White said the power of the federal government to levy an income tax had never been questioned.

Quoting at length from the famous income tax decisions of 1895, he declared the court then recognized the fact that taxation on income was in the nature of an excise entitled to be enforced as such unless and until it was concluded that to enforce it would amount to accomplishing the result which the requirement as to apportionment of direct taxation was adopted to prevent, in which case the duty would arise to disregard the form and consider the substance alone and hence subject the tax to the regulation as to apportionment which otherwise as an excise would not apply to it.

The court then decided, that the effect of the tax on income from

## DOBBS AND MRS. HOOD SURRENDER TO POLICE

BOTH ELOPERS DECLARE THEIR ACT  
WAS VOLUNTARY

Woman States Their Plan Was to Be Married Under Assumed Names and Make Their Home in Chicago.

Salt Lake City, Utah, Jan. 24.—Raymond Dobbs, the mulatto, and Mrs. Viola Hood, who eloped from San Diego last Friday, surrendered themselves to the Salt Lake City police today and both declared that their act was voluntary.

Dobbs appeared at the police station soon after 10 o'clock and announced his identity. He said he had read in a newspaper that the police had been asked to detain them and decided to surrender himself to avoid trouble. He said Mrs. Hood had eloped with him of her own volition and that he had never employed threats to induce her to leave her home. He said she urged him at intervals for a year to run away with him and that she provided the funds with which they traveled.

A search for Mrs. Hood proved without result until about 12:30 this afternoon, when she walked into the police station. She confirmed Dobbs' story, according to the police, and says she will return to San Diego if desired on condition that Dobbs be set at liberty so he may go to Chicago. The police also say Mrs. Hood said their plan was to be married here under assumed names and make their home in Chicago.

The two are being detained by police awaiting advice from San Diego.

### Hood to Go to Salt Lake.

Los Angeles, Cal., Jan. 24.—V. L. Hood of San Diego, who arrived here Saturday to aid the authorities in searching for his wife, and Raymond M. Dobbs, a negro chauffeur, said he would leave immediately for Salt Lake City, where Dobbs surrendered himself.

Hood said he never would believe statements of the negro that Mrs. Hood accompanied him willingly.

When informed of his wife's surrender to the police of Salt Lake City, Van Lee Hood said:

"I positively will not condone any wilful guilt or overt act on the part of my wife, but I will yet stake my life on her virtue, honor and innocence, and I will spend the remainder of my life and all the means I have and that I can obtain in proving her character and honor and in punishing her assailant."

## ITALIAN LINER ENTERS NEW YORK WITH TWO GUNS MOUNTED AFT

Dudley Field Malone Immediately  
Telegraphs to Washington for  
Instructions.

New York, Jan. 24.—The second Italian merchant ship to enter this port recently, the Verona, from Genoa, arrived today with two 76 millimeter guns mounted aft. The first vessel was the Giuseppe Verdi which was temporarily detained here until assurances had been given by the Italian government to the state department at Washington that its guns would be used for purposes of defense only.

Dudley Field Malone, collector of the port, immediately telegraphed to Washington for instructions in respect to the Verona.

The Verona's guns were not noticed at quarantine as they were not covered with canvas and screened by a pile of sacks. Their presence was, however, reported to Collector Malone by the agents of the Italian line. The ship is expected to make her return trip heavily laden with the usual cargo of freight and war supplies such as Italian vessels have been carrying from this port of late.

### GOETHALS AND EDWARDS ON WAY TO CAPITAL.

Panama, Jan. 24.—Serious differences of an official nature that have arisen during the last few months between Major General George W. Goethals, governor of the Panama canal zone and Brig. Gen. Clarence E. Edwards, commanding the United States troops in the zone, are to come to a head at Washington, where the two officials reach the capital, according to governor Goethals. They sailed today for the United States on the Steamer Calamare.

### FIGHT TO A DRAW.

Cincinnati, Ohio, Jan. 24.—Joe Rivers of Los Angeles, and Ritchie Mitchell of Milwaukee, fought ten furious rounds to a newspaper draw here tonight.

real-estate was the same as if a direct tax had been levied on the real-estate and that it was with a view of obviating such questions that the amendment had been adopted.

Inasmuch as the amendment had not conferred the power to levy an income tax, said the chief justice, it could not be interpreted as embracing limitations as to the nature and character of income to be taxed.

To consider it as embracing limitation, such as not authorizing a "progressive tax" he held was irreconcilable with the purpose of the amendment. He explained too, that the uniformity of excise taxes required by the constitution was geographical uniformity and not uniformity of application as to classes.

## EXPECT CREST OF FLOOD WEDNESDAY

Still Greater Loss Is Predicted  
in Illinois River Valley

## ISSUE ANOTHER WARNING

Weather Bureau Predicts Stage  
of the River Wednesday  
Will Be 26 Feet

## BREAK PREVIOUS RECORDS

PEORIA, Ill., Jan. 24.—With damage estimated at \$500,000 caused by flood waters of the Illinois river, still greater loss, it was predicted today, would be entailed when the flood reaches its crest Wednesday. The weather bureau today issued another warning predicting the stage of the river Wednesday to be 26 feet. Should it reach this mark it will break all previous high water records.

### Families Forced to Leave Homes.

From LaSalle to the north and Havana to the south, reports tell of increasing damage to farm lands. Thousands of acres are inundated and scores of families have been forced to leave their homes.

Damage to livestock is estimated at thousands of dollars. From the vicinity of the Spoon river, scores of dead animals are reported floating down stream. Desperate efforts are being made to save land not already submerged. In East Peoria men are repairing the dike.

Serious damage is threatened to railroad bridges by the flood. Railroad authorities said today dynamiting probably would be resorted to if the ice did not break up.

### Working on Levees.

Two thousand men are working tonight on levees between Havana and LaSalle. Steamboats with barges loaded with bags of sand were put into service late today and the dike protecting three thousand acres opposite Lower Peoria has been strengthened to the 25 foot mark. The Terminal levee at Hollis broke tonight, flooding four thousand acres of farming land. Farmers in this district had moved most of their belongings.

Water is pouring over the levee in the Spring Lake district. The Marine railroad has been swept away and 12,500 acres of land is under water.

### River Five Miles Wide.

The Mackinaw and Spoon rivers ordinarily streams forty feet wide, are tonight raging torrents more than five miles in width in places. Reports tell of heavy loss of livestock and farm property. In Peoria several thousand basements have been flooded, putting private heating and lighting plants out of commission.

Water is pouring over the steel girders on the T. P. & W. railroad bridge across the Illinois river here.

Water reached the fire boxes at the House of Correction at nine o'clock. All prisoners were released excepting eighty who will be transferred to the county and city jail tomorrow.

Two amusement parks and two hundred cottages north of Peoria are under water.

Train service over the Peoria Terminal railway between Peoria and Pekin was discontinued late today when a big stretch of track was swept away at Hollis.

## HOLLAND FLOODS STILL SERIOUS; SPRING TIDES INCREASE DANGER

LONDON, Jan. 24.—A dispatch to Reuters' Telegram company from Amsterdam says: "The floods in Holland are still serious, the spring tides having increased the danger. At Nieuwendam and Purmerend, the waters are extending, while at Rotterdam from Landsemeer, the reports are steadily rising and are now at a greater height than during the great floods in 1825."

"The strong current has torn off a great section of the pasture land which is now floating like small islands on the flooded Landsemeer. Great numbers of cattle and other domestic animals have been drowned. Many houses in the flooded districts will have to be rebuilt."

### ELLIS TAKES STAND.

Chicago, Jan. 24.—Frederick W. Ellis, vice-president of the Armor Car Line company, directed by the supreme court of the United States to reply to certain questions of the interstate commerce commission, took the stand today when the inquiry which concerns allegations that the car line is monopolistic was resumed after being interrupted for several months by Mr. Ellis' refusal to answer questions.

### STRIKE IS SETTLED.

Clifton, Ariz., Jan. 24.—The strike of five thousand miners in the three copper districts of Clifton, Morenci and Metcalf, Arizona, which began Sept. 11th last, was definitely terminated tonight.

ROCK ISLAND, Ill., Jan. 24.—Left alone as a result of the deaths of her mother, husband and three children within the past five years, Mrs. Anna E. Harrington, aged 59, prominent in fraternal society circles in this section, committed suicide in her home yesterday by locking herself in a room and turning on the gas.

WASHINGTON, Jan. 24.—Lord Aberdeen, former viceroy of Ireland and Lady Aberdeen, leave late today for New York, where they begin the first of a series of lectures to help raise a fund of \$50,000 to supply food for babies in Ireland.

BURLINGTON, Iowa, Jan. 24.—Announcement is made that the Burlington route intends enlarging its shops at West Burlington to twice their present size by the addition of new erecting and machine shops at a cost of a million dollars. The new shops mean that about 600 more employees will be placed at work here.

CHICAGO, Jan. 24.—Four men, passengers on a Lawrence avenue street car, were killed when a Chicago, Milwaukee & St. Paul passenger train crashed into the street car at Cicero avenue. Six other passengers were injured.

## YANKS SPEND FORTY THOUSAND TO STRENGTHEN PLAYING FORCE

CHICAGO, Jan. 24.—Forty thousand dollars was spent by the New York American League club to strengthen its playing force by the purchase of the Federal league stars, Magee, Cullop and Gedeon, according to B. B. Johnson, president of the league.

Mr. Johnson said today that he had been given this information in a telephone communication with Col. Jacob Ruppert, one of the owners of the Yankees.

Lee Magee, who managed the Brooklyn Feds last season, brought the top price, \$25,000, according to Mr. Johnson's information, while Nick Cullop and Gedeon sold for \$7,500 each. Cullop pitched for the Kansas City Feds last season while Gedeon, an infielder, jumped to the third league from the Salt Lake City team of the Coast league.

### MILITARY BILL GOES TO HOUSE OF LORDS.

London, Jan. 24.—The military service bill passed the third reading in the house of commons tonight by a vote of 381 to 35.

The bill was immediately sent to the house of lords and given its first reading. The second reading will be taken in the house of lords Wednesday and parliament probably will be prorogued Friday.

### BANDIT KILLS POLICEMAN.

Peoria, Ill., Jan. 24.—Norman Gray, a policeman, was shot and killed late tonight by one of two bandits he had just captured.

was covering the two men with a revolver while waiting for the patrol wagon to arrive, when one of the bandits drew a gun and shot the policeman thru the head. Both robbers escaped.

## ASKS PUNISHMENT OF U. S. SOLDIER

Carranza Commandant at  
Juarez Presents  
Request

## CHARGE CATTLESTEALING

Representations Are Made that  
Thieves Are Stealing Cattle  
from the Mexicans

## DEMAND THIEVES BE PUNISHED

EL PASO, Texas, Jan. 24.—General Gabriel Gaviro, commandant of the Carranza garrison at Juarez presented to the military authorities here today a request that a United States soldier named Harrison be punished for having fired on and wounded a Mexican civilian last Saturday afternoon. At the same time representations to Z. L. Cobb, United States custom collector, were made that American cattle thieves were stealing cattle from Mexican owners south of the border. A demand was made that the thieves be apprehended and punished.

The Mexican authorities in their representations referred to the prompt punishment they meted out to the Duran brothers, Mexican cattle thieves, who were executed yesterday for the murder of Bert Akers, an American killed last Friday.

Mexican officials at Juarez said they hoped prompt action would be taken by the American authorities saying there was apparent in Juarez a pronounced feeling resulting from the execution of the two Mexicans for the killing of one American and the shooting of the civilian Ajeada last Saturday. According to the Mexicans, Soto was shot while aiding a Carranza soldier to water some horses in the Rio Grande river.

A preliminary investigation already made by army officers on this side is said to have shown that Soto was on American territory and armed at the time. He is said to have defied the soldier and threatened to use his own rifle when Harrison opened fire, shooting twelve times. A doubt was expressed also that Soto had been wounded. General Gaviro said that Soto's wounds were superficial. Harrison is held in confinement.

Collector Cobb reported to Washington today that Carranza authorities were doing everything possible to aid Americans.

Start Campaigns Against Bandits. Torreon, Mexico, Jan. 24.—Carranza troops have started campaigns against bands of alleged bandits commanded by Benjamin Arguedo, Cauto Reyes and Calixto Contreras. Some of the bands have been driven up the river Durango state. The district between Monterey and this city is quiet. Conditions are quiet in other districts.

### Typhus Cases Decrease.

El Paso, Texas, Jan. 24.—There were 700 cases of typhus fever at Vera Cruz last week, as compared with 1,000 the week before according to advices received today by Andreas Garcia, Mexican consul here. There are now only 3,000 cases in the entire country, Carranza officials state.

### Report Villa at Santa Ana.

El Paso, Texas, Jan. 24.—General Francisco Villa was reported at Santa Ana on the Babicora ranch, the Hearst property preparing for an extensive campaign according to arrivals from Chihuahua today, who stated Villa had 1,000 men with him. He has taken 500 colts from the ranch for mounts and is killing hundreds of head of cattle daily and drying the flesh for provisions it was asserted.

## CLOSE QUARANTINE IS PLACED ON CHRISTIAN COUNTY

SPRINGFIELD, Ill., Jan. 24.—With the placing of close quarantine on Christian county to prevent the spread of the foot and mouth disease, notice was today issued by the state board of livestock commission not to accept shipments of cattle, sheep or swine from the counties of Macon, Shelby, Montgomery and Sangamon, unless covered by an affidavit of the owner or shipper to the effect that animals offered for shipment have not been received from Christian county within thirty days preceding the date of shipment.

The board also prohibits the shipment of cloven foot animals for purposes other than immediate slaughter the National Stock Yards at East St. Louis.

The order is effective until further notice.

Brady won several continuances during the last 18 months.

## APPROVE PRELIMINARY PLANS FOR G.O.P. MEET

SEATS FOR 11,595 WILL BE PROVIDED  
IN CONVENTION HALL

Sub-Committee Adjourns Without  
Discussing the Selection of a  
Temporary Chairman for the  
Convention, Altho Four Names Are  
Mentioned.

Chicago, Jan. 24.—Preliminary plans for the Republican national convention to be held in Chicago at the Coliseum, June 7, were approved today by members of the sub-committee on arrangements of the national committee after a series of conferences with Fred B. Upham, chairman of local committee. Under the seating plan prepared by Julius Floto, an architect, seats for 11,595 will be provided in the convention hall. Seven hundred more seats than were available four years ago will be provided by the erection of a mezzanine floor around two walls of the building. In other respects the general platform and seating arrangements of the last convention will be followed.

The sub-committee adjourned without discussing the selection of a temporary chairman for the convention, altho four names were mentioned as possible candidates. They were Elihu Root of New York, Senator Borah of Idaho, Governor McCall of Massachusetts and Chase Osborne, former governor of Michigan. It is believed that the selection of the temporary chairman may be deferred as a matter of political expediency until April or May altho the sub-committee adjourned to meet again in Chicago March 15, when the subject may be taken up.

Republican national leaders who attended the meeting expressed the opinion that the convention would be open minded and deliberative in the matter of the naming of a candidate for president.

They indicated that they would favor any available compromise candidate excepting Colonel Roosevelt and said they believed the delegates would be able to select a leader who would be satisfactory to every element of the party.

Charles D. Hilles, chairman of the Republican national committee, expressed the sentiment of the party leaders when he said nobody knew who would be nominated but that the candidate would be borne in the convention.

At noon the committee was entertained at a luncheon at which Chairman Hilles delivered an address in which he criticized the administration of President Wilson, outlined features and issues of the Republican national campaign and predicted victory for the party next November.

The members of the sub-committee on arrangements who attended the meeting today were:

Charles D. Hilles of New York, Franklin Murphy of New Jersey, F. W. Estabrook of New Hampshire, John T. Adams of Iowa, James P. Goodrich of Indiana, George R. Sheldon of New York, F. S. Stanley of Kansas, Charles B. Warren of Michigan, E. C. Duncan of North Carolina and James B. Reynolds of Washington, D. C.

The sub-committee organized by electing Charles D. Hilles, chairman; James B. Reynolds, secretary and George R. Sheldon, treasurer.

## CONVICT MAKES TWO INEFFECTUAL ATTEMPTS TO ESCAPE FROM JOLIET

JOLIET, Ill., Jan. 24.—John Wilkins, a convict from Chicago, made two ineffectual attempts to escape from the state penitentiary today. He ran unnoticed by the prison guard, from the quarry and dodged among the freight cars standing in the yards of the Elgin, Joliet and Eastern railroad. Company detectives saw him and after a stubborn resistance captured him and took him to the yardmaster's office. While the detectives were telephoning to the prison Wilkins jumped thru the office window and ran again. One of the detectives shot the fugitive in the thigh and he was taken back to the penitentiary. The wound was not considered serious.

## AFFIRMS ACTION OF FEDERAL COURT OF NORTHERN ILLINOIS

WASHINGTON, Jan. 24.—The supreme court today affirmed the action of the federal court of Northern Illinois in refusing to release John H. Stronsider on habeas corpus proceedings after he had been tried on a charge of obtaining \$20,000 by means of a confidence game. Stronsider claimed that he had been extradited from Montreal, Can., for one offense and tried for another.

### Stronsider Is Found Guilty.

Chicago, Jan. 21.—John H. Stronsider, whose conviction was affirmed by the supreme court of the United States today, was found guilty of swindling William T. Kirby, a former Chicago banker, out of \$20,000 by a wire tapping scheme. An indeterminate sentence, which must now be served, was inflicted by the trial court.

### CONDITION IS SATISFACTORY.

Omaha, Jan. 24.—The condition of A. E. Mohler, president of the Union Pacific railroad company who was injured while skating yesterday, was reported as very satisfactory today.

## FLOODS HAMPER OPERATIONS

LONDON, Jan. 25.—Advices received by the Vatican are to the effect that the condition of Emperor Francis Joseph is grave says the Daily Telegraph's Rome correspondent.

In their progress southward across the Albanian frontier, the Austrians have taken Albania's principal trade city—Scutari—and in addition have occupied Podgoritz, Dailovgrad and Niksic in Montenegro. The Serbians forming the garrison at Scutari retreated southward without resistance. The Austrian official communication reassures that the Montenegrins are laying down their arms and that the populations in the towns occupied are receiving the invaders in a friendly manner.

### Several Air Raids Take Place.

Air raids have taken place in various localities. Germans again have passed over Dover in an aeroplane which was engaged by all the anti-aircraft guns and pursued by British airmen. Whether bombs were dropped is not stated in the official announcement. This was the third venture of the kind in two days; in the other visits bombs having been dropped on the docks, barracks and station at Dover and on the aviation sheds at Hougham, near Dover, according to Berlin. Monastir, Gjevgjeli and other points held by the Teutonic allies near the Greek border were visited by a large French air squadron and violently bombed while Metz and German positions in Belgium also were visited by entente allied aircraft and bombed.

Nothing new has come thru concerning the situation on the Russian front. On the French and Austro-Italian fronts the usual bombardments and sapping operations continue, but without great gains for either side.

The British thru an explosion of a mine near St. Eloi, in the Arras region, did considerable damage to German trenches and also silenced German trench mortars by artillery fire near Yser.

### Floods Hamper Operations.

Floods and generally bad weather are hampering the operations of the British against the Turks in Mesopotamia. The high water in the Tigris is preventing troop movements. During the lull in the fighting an armistice was declared for the burial of the dead.

In northwest Egypt the British have been successful in an attack on a camp of Senussi tribesmen, the tribesmen being dispersed and their camp destroyed.

## ANXIETY OVER 'LOOD SITUATION IN ARIZONA IS RENEWED

YUMA, Ariz., Jan. 24.—Anxiety over the flood situation here was renewed tonight, when the Colorado river began rising again. The stream rose to the 25 foot stage in a short time and continued to rise. No serious damage was feared unless the river rose above the 29 foot stage.

Workmen were hurriedly repairing the breaks in the levee here and at Araz Station to prevent Yuma Valley and the Bard Unit of the Indian reservation being flooded a second time.

The local relief committee was busy supplying food and clothing and otherwise caring for the 1,000 homeless people here.

### Secrecy Can Be Overdone.

It is not surprising that Colonel House reports that all the leading powers of Europe have the key to the United States' secret service code. This nation has lived so openly—has been so free from international intrigue—that necessity to thoroughly cover up the doings and sayings of its agents has not been felt to the degree that prevails in Europe. Some secrecy is of course necessary in affairs of state, but it has been overdone in Europe, and the present war is largely the result of a distrust built up among the nations by the old systems of secrecy, spying and intrigue.

### A Tariff Board.

One of President Wilson's latest declarations is in favor of a tariff board, and he bases his statement at this time on after war possibilities. The leaders of both parties, and the rank and file of both parties who do any business thinking, believe in a tariff commission, but the commission must have such powers that it will not be possible whenever the country happens to have a Democratic congress that the wheels of business can be stopped by Democratic tariff changes.

### The Iowa Way.

That the people of Iowa have come into an understanding that mixed farming pays better than simply grain farming, is shown by statistics. A few years ago practically all the grain raised by farmers was sold. The latest statistics show that twenty-five per cent of the sales made by farmers were of grain, and seventy-five per cent livestock. It is a lesson which every state must finally learn, and both the farmer and his land will be better off when the difference between the grain and livestock sales is not so great.

### Too Proud For a Pension.

An old man died the other day in a Pennsylvania farmhouse who had a fine sense of honor but was not quite consistent. He had fought bravely for his country all thru the war of the Rebellion. Adversity came in later years, but he always refused a pension, maintaining that it was a man's duty to fight when his country needed him, and that he should not expect financial reward. In this way he had paraphrased President Wilson's "Too Proud to fight" into "too proud to have a pension." Yet this old soul spent his last days in the poorhouse, a public charge. He received the pension that his country owed him, only in another way.

### EATING TOO MUCH.

I eat too much, the doctor tells me; with arguments like this he quells me, when I inform him that his potions, of which I've swallowed endless oceans, don't cure my shingles, rashes or tetter, or make me feel the least bit better. "There'd be less suffering and ailing," the doc says, pausing in his ravings, "if men would leave the table starving. Oh, let your meals be thin and meager; quit eating while you still are eager for more roast beef and spuds and gravy, and beans—the kidney kind or navy. Oh, leave the table while you're hollow, and while you still desire to swallow the bill of fare from A to lizzard, from soup right down to chicken gizzard. Then you'll be cured of your diseases as laundered dog relieved of fleas is." Thus do the wise and learned physicians attack the modern-day conditions. We cure ourselves by means distressing, and pay the doctor for his guessing.

### DATES IN ILLINOIS HISTORY.

Jan. 25, 1767—General Gage wrote to Sir William Johnson that in his opinion Great Britain could never derive much benefit from a colony in Illinois.

### Foreign Students.

That every country in Europe, except Serbia, is represented in American educational institutions, and every country in South America save French Guiana, is one of the interesting things we learn from the report compiled by Dr. Samuel P. Capen of Worcester, Mass. Dr. Capen shows that 51 different countries, in addition to the American dependencies, are thus represented by students, and that there are in all 4222 foreign students enrolled from these 51 nations. The most favored courses for these foreign students is that of the arts and sciences, with engineering next, and architecture, theology and other subjects following with smaller enrollments.

### Clark Against Stamp Tax.

Speaker Clark's declaration that he will do everything possible for the repeal of the stamp tax in the next revenue bill will strike a responsive chord. In times of war the people would not object to such a tax, but its imposition in time of peace brought a great deal of criticism for the administration, as the average citizen has the feeling that some other means of producing revenue might easily have been adopted.

The speaker declares that he was originally opposed to this provision of the revenue law and that now if necessary he will lead the fight for repeal. It is understood that the president has gained some knowledge of public sentiment on this question and will consent to a revision which omits the stamp tax.

It was just 42.6 degrees below zero this morning.

And that's a record for the past eleven years—the life of the weather bureau in Devils Lake.

But Thos. Maloney this morning recalls days back in '88 and '91 and '92 that possibly could carry the laurels, if an official record had been kept.

It is interesting, if unpleasant to recall the coldest days during the past eleven years:

1905—38	1911—31
1906—30	1912—41
1907—40	1913—32
1908—28	1914—33
1909—37	1915—38
1910—28	

The above figures all refer to the degrees below zero.

The low record for United States belongs to Poplar River, Mont., where on Jan. 1, 1885, the tubes registered 63 below.

The world's record is held at Verkhofansk, Siberia, with 90.4 degrees below on Jan. 15, 1885.

### More Taxes Coming.

The decision of the supreme court making it certain that the government has the right to levy an income tax was heard with great rejoicing by the administration. Plans had been made tentatively for so changing the income tax law that greater revenue would be produced but a feeling of uncertainty existed because of the case pending before the supreme court. Based on the court finding, a bill is now to be framed providing for much heavier taxes on large incomes and it is estimated that ninety to one hundred million dollars more revenue can be secured in this way toward defraying the proposed preparedness government expenditures. An income tax which strikes the millionaire receives much applause and approval, but the tax which applies to individuals earning \$2,000 and less is not received with the same enthusiasm. But with heavy expenses for preparedness in view, together with other enormous expenditures proposed by the Democratic administration, the people might as well make up their minds that the income tax, the inheritance tax and several other kinds of taxes are certainly headed their way.

### Then and Now.

Very consoling to people of the present day is the statement by Dr. Davidson, superintendent of the schools of Pittsburg, who declares that a graduate of a university fifty years ago did not possess as much of the sum total of the world's knowledge as does the ten year old boy today. Further he says that the man of twenty-five in those days did not know as much as the high school student knows now.

It is a very fine thing for the youth of the present day to be able to think of how much more they know than their parents did when of the same age. Based on developments that have come with years of getting education, the statement by Dr. Davidson does not seem far out of the way. But when you measure the young men and women of today and notice their achievements, then compare the work and ways of people at the same age years ago, one is not so sure about the advances which have been made. The facilities for gaining knowledge in truth have grown wonderfully, but the young man or young woman who is carried away by the Davidson statement and feels mental superiority by comparison with people of fifty years ago, is giving the very best kind of evidence that the boasted achievements have not come. We live more rapidly today, we do more things, but are we doing more things that really count?

### As Others See Us.

In a recent issue of the Outlook, an English woman who was talking in a mixed company of English and American people, was quoted as saying, "You Americans are so blooming virtuous because you are not engaged in this war." This sentence somehow gives a new viewpoint on the war and makes one realize how many residents of England may look upon us. The statement arises the question, too, as to whether there is not much justice in the criticism. Haven't we been inclined to decry the war to assume the "more holy than thou" attitude and to somewhat surreptitiously wonder how great and honorable nations could be drawn into such a dark maelstrom of conflict? Haven't we

### FUNERALS

#### Rainey.

Funeral services for the Rev. W. J. Rainey, late pastor of Pisgah Presbyterian church, were held Thursday afternoon at 2 o'clock at the Presbyterian church in Harbor Springs, Mich. The minister of the church was in charge and two other Harbor Springs pastors assisted. Flowers were brought in great profusion, and by no means the least among the floral offerings were the beautiful emblems sent by the members of Pisgah church.

Mrs. Rainey is expected to arrive at her home in Orleans via the five o'clock Wabash train this evening. She will be accompanied by Mrs. Kirkland, of Boston, Mass., a sister of Rev. Mr. Rainey.

#### Dungan.

Funeral services for Charles E. Dungan were held from the undertaking parlors of J. G. Reynolds Sunday morning at 9:30 o'clock in charge of the Rev. W. W. Theobald. The flowers were cared for by Mrs. E. W. Brown, Mrs. William Barr Brown, Sr., and Mrs. J. G. Reynolds. Interment was in Diamond Grove cemetery, the bearers being M. D. Rapp, John Phillips, T. H. Buckthorpe, Charles Glossop, Julius G. Strawn and E. G. Saye.

#### HAS TAKEN POSSESSION.

Jacob A. Long, who recently purchased the Oswald drug store on the east side of the square, took possession Monday.

## DIVORCE PETITION IN MOHR CASE CAUSE OF LEGAL FIGHT

Court Excludes Documents and Leaves Testimony on Record.

Providence, R. I., Jan. 24.—The introduction of the divorce petition of Mrs. Elizabeth P. Mohr against her husband, Dr. C. Franklin Mohr, into the trial of Mrs. Mohr and two negroes, Cecil Brown, and Henry Spellman, on charges of murdering the doctor, precipitated a legal battle today. Before it was over, testimony was produced that there was nothing in the records to indicate that the divorce suit was down for a hearing in September, 1915, although George Healds, the doctor's chauffeur, who has turned state's evidence, had previously testified that Mrs. Mohr had urged him and his alleged accomplices to kill the doctor on the night of Aug. 31, as it was "the last chance" before her suit came up for a hearing the first of the next month.

This evidence was given by Robert C. Root, assistant clerk of the superior court who had handled the papers. An effort also was made by the attorney general to introduce the doctor's cross petition. Both were offered, the prosecution stated, "to show what the mental attitude of Mrs. Mohr was toward her husband after he had made certain allegations against her in his cross petition for divorce."

The arguments that ensued between counsel were lengthy and heated. The court finally excluded both documents as exhibits, leaving on record the testimony relative to them and the reading of the original petition by the attorney general.

## PROGRESSIVES RECOMMEND DELEGATES AT LARGE

Illinois State Central Committee Names Men to National Convention June 7.

Chicago, Jan. 24.—The Progressive state central committee of Illinois met here today and recommended delegates-at-large to the national convention to be held here June 7, as follows:

Raymond Robbins, Chicago; Frank H. Funk, Bloomington; James R. Campbell, McLeansboro; Harold L. Ickes, Evanston.

Alternates at large were recommended as follows: Dr. W. E. Shallenberger, Canton; James F. Stepina, Chicago; J. Frank Deul, Rockford; J. L. Houghteling, Jr., Chicago.

Mr. Ickes, chairman of the committee, issued a formal statement saying in effect that misconstruction of the purposes or spirit of the Progressives would render co-operation with the Republicans difficult if not impossible. The principles of the party have not changed, he said, adding:

"We will ally ourselves with those who approve both the principles and the character of leadership which we espouse. But we maintain our autonomy. Details may be conceded but the cause to which we are dedicated must be upheld, for in progressivism is our vision of the future greatness of the America."

## HEAD-ON COLLISION IN CUT CAUSES DEATH OF FIVE

Burlington Passenger Train and Extra Freight Meet Disastrously—Dead All Employees of Company.

Atlanta, Neb., Jan. 24.—Five men are dead as the result of a head-on collision in a cut near here today between Burlington passenger train No. 7 and an extra freight. The dead were all employees of the road. James F. Duffy, conductor, died tonight from injuries.

The dead: Walter Moll, McCook, Neb., instantly killed.

J. F. Duffy, Lincoln, conductor.

Lee H. Foxg, Lincoln, Neb., passenger fireman.

Henry Eckman, McCook, Neb., freight fireman.

Carl Neubauer, McCook, Neb., freight brakeman.

Seriously injured: J. E. Lowrey, Bagley, Iowa, a passenger.

It is believed that failure to observe orders was the cause of the wreck, the freight crew apparently failing to regard the right of way of the passenger. The baggage car, mail car and locomotive were demolished, as was the locomotive of the freight and several cars. The one passenger day coach remained on the track.

## VIGOROUSLY OPPOSE GREAT BRITAIN'S ACT

Washington, Jan. 24.—Great Britain's "Trading with the enemy" act is vigorously opposed by the United States in representations prepared today.

They are expected to go forward immediately. The state department considers that grave and unjustifiable injury to American commerce may result should an attempt be made to enforce provisions affecting business in this country.

## PACKAGE OF CURRENCY DISAPPEARS AT MT. PLEASANT

Mt. Pleasant, Iowa, Jan. 24.—A package of currency amounting to \$2200 disappeared today somewhere between the Burlington depot and the Adams Express company office here. Police are investigating. The money was consigned by the National City bank of Chicago to the New Farmers' Bank at Salem, Iowa. Another package containing \$50 in silver was undisturbed.

### GERMANY IS MAINTAINING EXPORT TRADE WITH NEUTRALS

Packages Marked "Samples" "Of No Value" Incepted by British.

London, Jan. 24.—The recently inaugurated censorship by the British government of first class mails to and from Germany has resulted in the discovery that Germany has been maintaining a considerable export trade with neutrals in such articles as jewelry, chemicals, laces, pictures and toys, which have been sent as first class mail matter by way of Sweden, Denmark or Holland.

Packages of this nature incepted by the British have been marked "samples", "Of no Value". One of the British censors today showed to The Associated Press correspondent articles worth thousands of dollars which have been seized. Most of them were addressed to South American points the intention apparently being to maintain Germany's hold on foreign markets. It was also said that a large quantity of contraband destined for Germany by way of Scandinavia and sent from neutral countries had been apprehended. These goods include rubber from the Dutch Indies and wool and rubber from South America which were sent thru the mails as reading matter.

It is believed here that Germany carried on a heavy trade in this manner before the British authorities put into effect more stringent rules. All goods seized by the censor will go into prize court.

### DIVER TESTIFIES HE FOUND TWO PILES NEAR EASTLAND'S DOCK

GRAND RAPIDS, Mich., Jan. 24.—More testimony to support the claim that the Chicago river was responsible for the Eastland disaster was offered by the defense this afternoon at the hearing in United States district court of six men indicted on charges of negligence in connection with the charges.

William Deneau, a diver, declared that after the Eastland sank he explored the river bed and found two piles imbedded in the stream near the steamer's dock. The tops of the piles, which he said he sawed from bases still in the river were introduced as evidence. Deneau also testified he found a rock about 180 feet from the Clark street bridge and six or seven feet from the Eastland's dock. Daniel Donovan, a veteran diver, and other witnesses, corroborated Deneau's story regarding the submerged rocks and piles.

### DISCUSS QUESTION OF GRANTING INDEPENDENCE OF PHILIPPINES

WASHINGTON, Jan. 24.—Granting of independence to the Philippine islands in not less than two years and not more than four years may be favored by the Wilson administration. Senator Hitchcock, chairman of the senate Philippine committee, discussed with President Wilson late today a provision to that effect, which Senator Clarke of Arkansas had introduced as an amendment to the pending Philippine bill.

After conferring with the president, Senator Hitchcock, while he would not say what the president had told him, indicated it was probable the amendment would have the administration's support. He said he would have to talk with other senators before deciding definitely whether the change would be accepted.

### GOVERNOR DUNNE SIGNS BILLS PASSED BY SPECIAL SESSION

SPRINGFIELD, Ill., Jan. 24.—Governor Dunne today signed the bills, passed by the special session of the 49th general assembly, creating the centennial commission the pension laws commission to legalize county bond issues for road construction and to amend the primary elections act and made appointments on the two commissions as follows: Pension laws commission, Prof. Henry L. Rietz, University of Illinois, Urbana, and George E. Hooker, John P. Dillon and Marcus J. Jacobowsky of Chicago.

Centennial building commission, Arthur M. Fitzgerald and George Pasfield, Jr. of Springfield, Ills.

### BRYAN DOES NOT INTEND TO FOLLOW IN WAKE OF PRESIDENT

MIAMI, Florida, Jan. 24.—William J. Bryan today issued a statement saying he had no intention of following in the wake of President Wilson on his trip thru the middle west making a series of speeches in answer to those of the president on preparedness. He said he would remain in Miami until he left for Lincoln, Neb. on Feb. 20th, to attend a birthday dinner.

Mr. Bryan said he would make a few speeches on his way to Lincoln, but the trip would have no connection with that of the president and his references to preparedness would be along the line of the addresses he delivered last fall. The dates for his speeches Mr. Bryan said, were arranged before it was announced that Mr. Wilson would make his speaking tour.

London, Jan.—The official organ of the Institute of Journalists publishes a roll of honor showing that 1468 journalists are on active service in the army or navy, including 85 from overseas. Fifty-five have been killed, 71 wounded, 11 reported missing and 10 have been decorated for gallantry.

Many woman journalists are serving with the Red Cross. It is hoped to publish a complete roll of journalists with the colors at the end of the war.

### RELATIVES OF EASTLAND VICTIMS FILE NEARLY HUNDRED CLAIMS

Claims Are Filed With Western Electric Company Under Workmen's Compensation Act.

Chicago, Jan. 24.—Nearly a hundred claims under the Illinois workmen's compensation act were filed today with the Western Electric company by relatives of the victims of the steamer Eastland disaster which occurred six months ago.

Under the law the time for filing expires at midnight tonight. More than one hundred claims were presented to the officials of the company, the amount sought aggregating many thousand dollars as the compensation act permits the filing of claims for four years' wages of individual employees.

The company thru its law department took the ground that the workman's compensation law would not apply contending that the accident did not occur during the working hours of the company employees. About five hundred employees of the company were among the eight hundred victims of the disaster.

Officials of the company said that the company had paid out in relief to victims more than \$200,000 but not in satisfaction of compensation claims.

### STILL WORKING ON ARMY INCREASE BILL

WASHINGTON, Jan. 24.—Hearings on the administration's army increase bills may be concluded by the senate military committee and work of redrafting the measures begun early next week. There is no indication when the house committee will complete its work.

Major General Arthur Murray, retired, and Brig Gen. Crozier, chief of ordnance, were before the senate and house committees respectively today. General Murray said that for the actual defense of the United States territory alone and without considering maintenance of the Monroe Doctrine or protecting the interests of American citizens abroad, a regular army virtually three times its present size and three strong fleets for the navy would be necessary.

General Murray revealed that a special board on land defenses had spent six years, from 1906 to 1912, in preparing a report as to what would be needed to protect the country.

The board's report is regarded as confidential by the war department. The board headed by General Waterspoon, now retired, visited every coast district of the country and studied defense problems.

### FOUR PERSONS KNOWN TO BE DEAD IN BUFFALO EXPLOSION

BUFFALO, N. Y., Jan. 24.—Four persons are known to have been killed, several are missing and four were injured in an explosion late today that wrecked the plant of the Kelker Blower company, manufacturers of planing mill exhausts and ventilators on Harrison street.

Charles Kelker, head of the firm, said that from 22 to 25 employees were in the plant and that 21 of them had been accounted for.

The known dead: Miss Mabel Chandler, 17 years old. Charles Pabst, 18 years old. Two unidentified men. Seriously injured were: Mrs. Helen Kelker, 45 years old, wife of Charles Kelker; both legs blown off; probably will die. James Kemmer, 46 years old, ear torn off, scalp wounds. Stanley Koenieczny, 21 years old, chest crushed, will recover.

## DEDICATORY EXERCISES OF CONCORD METHODIST EPISCOPAL CHURCH HELD SUNDAY

Building Erected at a Cost of \$14,000 and Last \$4,500 Raised  
During Day—Bishop William A. Quayle Prominent Speaker  
of Occasion—All Services Largely Attended and Ladies  
Aid Society Served Dinner in Basement—Notes of the  
Dedication.

Sunday will long be remembered as a red letter day in the history of the members of Concord Methodist Episcopal church, when their new \$14,000 edifice was dedicated. The services, which commenced Saturday night and lasted all thru Sunday, were of a most uplifting character. The occasion was also notable from the fact that Bishop William A. Quayle, D. D., L. L. D., one of the most scholarly and favorite bishops of the M. E. church was present. Address was also heard from Dr. L. F. Dimmitt of Galesburg, Ill., and Rev. F. A. McCarty, D. D., superintendent of the Jacksonville district.

Altho the sky was clear and it was a pleasant day, the roads could

verse, and in fact He is the greatest property owner. "He has always assumed that and no man can equal Him in this assumption. The ten commandments abound in negatives, and the phrase is often repeated, 'Thou shalt not.' This eleventh commandment has its peculiarity in that it affirms. It seems a trivial matter by reading it lightly, when Christ said, 'Occupy till I come.' You ask the question, is Christ going to come back, and I say yes, but he didn't set a time when he would return. God didn't say yes, but he didn't set a time when he would return. God didn't reveal that to His people. He says to the man and woman, 'Occupy till I come.'

"You pull out your watch and you say 'What time is it?' or ask the time of day. I ask you, 'Who made the watch?' 'Who made time?' God showed His wisdom in not setting a time when He would come. I don't have to stand in front of my house and look up and down the road for God to come along, and when I see Him approaching, say 'I live here.' God may come along when you are at work, so much the more honorable for you. You put a number on your house to tell people where you live, but God has your number. You ought to be busy. Occupy means to work. When you get religion you get a job, the two go together.

Serve You Anywhere.

"You don't have to go off into some country or to some certain place to serve God. You can serve Him where you are now. God has given me time. It is not my own, it is His time. I must not mis-use it. Some men say they take time off to pray. Some of the best prayers ever offered were those supplications made while people were at work. In fact, the best place to pray is at work. 'Occupy till I come.' Some day He will say, 'Time will be no longer, eternally shall reign forever.' Then can it be truly said and only then, that God has come to us. Get your talents to work. God gave us hands and ears and eyes and a brain. He endowed us with faculties. He expects us to use them.

"As He says, 'Occupy till I come' to the individual, so He speaks the same thing to the church. And He says to the church, 'Use the means at hand, work with a will, search out the men for the kingdom, get busy. You know not what time the Master

those outside of the church, yet the people who belong there rallied to the cause in a most gratifying manner. Aside from a couple of subscriptions of \$1,000 or \$1,100, and two or three of \$20 and \$300 most of the gifts were in smaller amount, which will have the effect of making a wider circle of friends having a kindly interest in the church building. The church was dedicated formally in the afternoon.

After the usual opening exercises, Master Othello Yeck sang in good voice, "A Perfect Day." Rev. Royal Ennis had charge of the services and greetings were first heard from Rev. Mr. Mulligan, the new pastor of the Christian church of Concord. Mrs. Ennis was also heard in a few words of greeting. Dr. F. A. McCarty presented the heroism of the Christian life. In speaking of the building of the church, he said that this enterprise is not something by itself but merely a beginning of larger things. The real glory and joy of life is its tasks and burdens. The worthy life is the life that attempts difficult tasks, big things and things which are worth while. Looking back upon life we only rejoice in real burdens and sacrifices made.

E. M. Harmon in behalf of the board of trustees presented the church for dedication and the dedicatory exercises were conducted by Dr. L. F. Dimmitt and Dr. F. A. McCarty.

### Evening Service.

After the usual opening services with music by the choir and a solo by B. F. Lane, Dr. L. F. Dimmitt was introduced. His father, Rev. J. H. Dimmitt was pastor of the Concord church in 1867, and he was most cordially received by the congregation. He preached a wonderful sermon from the text, 2 Cor. 11-33, "And thine a window in a basket was I let down, by the wall and escaped his hands." The passage refers to Paul's miraculous escape from Damascus where a garrison was guarding him. The speaker made his plea that the men who helped Paul to escape contribute a very important part to the great work of Paul. It is of those whom the world sees little of that are really behind great movements and the lesser lights are often dimmed by the greater light. Whatever tasks one has to do, said the speaker, in God's sight is honorable and it is vastly important to do our task well, for in some measure it is part of God's plan for his kingdom.

### The New Church.

As has formerly been mentioned the official board voted to rebuild April 15, 1915 and the last service was held May 23, 1915 and the church was wrecked June 1. The corner stone of the new building was laid July 2. The building is certainly one of great credit to the Concord Methodist people. It is built of Toronto brown pressed brick laid with red mortar and trimmed in Bedford stone. The roof is of slate and the building is 62 feet by 68 feet. It has a seating capacity of 250 and with the Sunday school, 350. There are fourteen rooms including the auditorium, Sunday school, assembly, class rooms, ladies parlor, pastor's study, reception room, assembly room, banquet room, ladies work room, kitchen, pantry, furnace, engine and fuel room. The church was designed and built by J. B. Martin of East Liverpool, Ohio. The steam heating plant was installed by E. E. Beal of this city and the electric light plant by G. A. Sieber of Jacksonville. The two toned tan velvet carpet and rugs were purchased and put down by Johnson, Hackett and Guthrie of this city. The entire cost is \$14,000 and with the parsonage and ground valued at \$1,000 the total property of the Concord Methodist church is \$15,000.

### Church History.

The church was organized in 1850 and became a part of the Jacksonville Circuit. In 1854 a new circuit was organized with Concord as head of the charge. Among the early members were, J. J. Sanders, Mr. and Mrs. Ezekiah Bridgeman, Mr. and Mrs. John M. Thompson, Mr. and Mrs. Eugene Wiswell, Mr. and Mrs. Abraham Leonard, Mr. and Mrs. Daniel Dietrich and Mr. and Mrs. Robert Martin.

The first board of trustees was Eugene Wiswell, J. J. Sanders, Ezekiah Dietrich and John M. Thompson.

The first house of worship was a brick church and school house combined, and afterwards sold to the Concord school district. With this money and subscriptions a new church was built in 1856, costing \$3,000 on the site where the new church now stands.

The pastors who have served since 1854-1915 follows:

1854-J. B. Houts.  
1856-J. M. Lane.  
1857-J. H. Dimmitt.

**SCHRAM**

New Concord M. E. church, which was dedicated Sunday.

have heard Bishop Quayle on this subject that it is one of his finest lectures. For over two hours he held his audience spellbound by his wonderful presentation of this subject. Bishop Quayle has a style of delivery all his own and he has a wonderfully vivid imagination and unlimited talent in presenting a subject. Bishop Quayle showed that he had made a close study of American history and not only did he portray the greatness of the martyred Lincoln, but he took occasion to weave into his address the kind of men whom the world is looking forward to lead the American people to the highest ideals of Christian citizenship. He worked out a beautiful thought in that Lincoln was the product of the cavalier of the south and the Puritan spirit of the north, and in the blending of these two elements there was produced what could be rightfully termed a true American product. While he accorded great honors to Washington, yet to Lincoln was due more.

Since Washington's time, he said that the two great men who would stand out in his estimation as the true leaders of American thought and progress were Lincoln and McKinley.

Bishop Quayle has certainly learned the art of entertaining and his lecture abounded in an abundance of humor. The same lecture will be delivered by Bishop Quayle in Springfield on the night of the Lincoln banquet.

### Morning Service.

Every available space in the large auditorium was taken in the morning service. The opening exercises were conducted by Rev. Royal Ennis of Hillsboro, a former pastor of the church. After a solo by B. F. Lane, Bishop Quayle was introduced. He took as a text Luke 19, 13 verse, "Occupy Till I Come." The sermon was an inspiring one and forcefully delivered. He said that his text was really the eleventh commandment. God acts as tho He owns the un-

raising funds to complete the amount needed in order that the church might be dedicated. It was announced that \$4,500 was still lacking and of this amount all was received except \$1,050. In the afternoon service the subscription question was continued and the amount necessary was soon subscribed. While there were several subscriptions from

and raised the needed \$4,500. The help of the Ladies Aid society under the splendid leadership of Mrs. M. D. Yeck, their president is worthy of special mention.

The Concord people proved most hospital and strangers were made to feel thrice welcomed.

The Concord church has only 115 members and the work they have done is certainly most commendable.

The choir furnished some excellent music under the direction of Miss Alice Bowman, who also acted as pianist for the occasion.

Rev. L. F. Dimmitt took up the burden of raising the remaining of the money in the afternoon service and he ended his position well.

Rev. Royal Ennis of Hillsboro, former pastor of the church, and his wife were among the out of town guests who were cordially received.

Monday morning a large corps of workers gathered at the church to clean up. A force of men were also busy during the day erecting new hitch racks.

Bishop Quayle could not stay for the afternoon service, having an important engagement in St. Paul, which necessitated him making the afternoon Wabash train.

Rev. W. P. Bowman proved himself a tireless and faithful worker for the new church. He is deserving of unstinted praise, for his courage and great faith.

The church was prettily decorated with flowers and plants, some of them being the gift of Charles Dimmitt of New York City, a brother of Mrs. W. P. Bowman.

Under the auspices of the Ladies Aid society, a dinner was held in the basement of the church for all the friends present. It was a splendid repast and there was no charge but a free will offering. Supper was also served and it was greatly appreciated for many did not have to make a trip home via the muddy roads.

Bishop Quayle took occasion to remind the people that they ought to keep the old church bell and give it a prominent place on the church property. This bell, the first time it was rung, tolled because of the death of Lincoln. The bishop said that in years to come it would be one of the priceless articles of the Concord church. He suggested putting it on a platform with a proper inscription beneath it.

The trustees of the church are: W. H. Cooper, chairman, C. E. Rexroat, sec; C. E. Sanders, treasurer; F. T. Kershaw, J. B. Cooper, E. M. Harmon, C. E. Newton; board of stewards, E. M. Harmon, Clyde L. Cooper, J. W. P. Wolfe, C. E. Rex-

roat and Edgar Cooper, J. Thomas Titus, superintendent of Sunday school; Mrs. M. D. Yeck, president of Ladies Aid Society; Mrs. J. T. Kershaw, president W. F. M. S.

Among the out of town guests were Mrs. artha Shrewsbury and daughter, Miss Ethel, guests of her sister Mrs. John Elson, Rev. and Mrs. Royal Ennis of Hillsboro; Mrs. Alice Robbins, Youngstown, Ohio, guests of her parents, Mr. and Mrs. James Rexroat; Mrs. Foulk of Peoria and Mrs. McClure of Beardstown, guests of Mr. and Mrs. George E. Lewis; Mrs. Amanda Rexroat, Jacksonville, visiting Mrs. Eliza Roberts; Mr. and Mrs. F. P. McKinney, Champaign; Mr. and Mrs. Walter Wright, Jacksonville, visiting Mr. and Mrs. Ernest Sanders; Mrs. Danit Hurley, Frederick, Ill., visiting Mrs. Caldwell and family and Miss Elsie Wood of Jacksonville.

"Grandma" Dimmitt, who has been making her home for the past fifteen years with her daughter, Mrs. W. P. Bowman, was 82 years of age Monday. Altho she has been an invalid for the past three years confined to her bed most of the time, she was taken in a chair thru the church Monday and she enjoyed her trip immensely. She also enjoyed the day because of the presence of her two sons, Rev. L. F. Dimmitt of Galesburg, pastor of the First M. E. church of that city and C. E. Dimmitt of New York City, general manager of the C. E. Penny Mercantile company of stores. Other members of this family besides Mrs. Bowman are Mrs. A. B. Hightshoe, whose husband is pastor of the M. E. church at Hedrick, Iowa, T. H. Dimmitt of Portland, Oregon; Rev. J. L. Dimmitt of Los Angeles, J. H. Dimmitt of Los Angeles.

### WILL VISIT WILLOW.

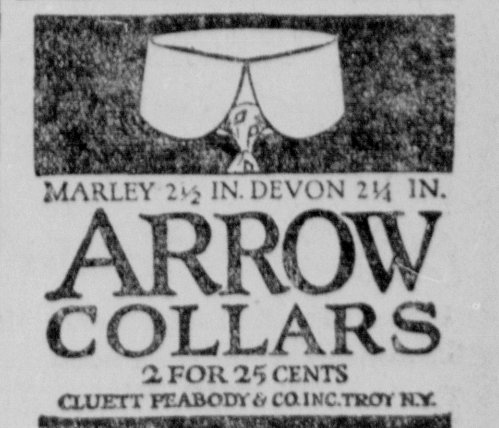

The jury which heard the evidence in the Willow Creek Drainage case will go to Mercedosia today and will spend several days inspecting the drainage ditch. The jury had made the trip before this but for sickness. J. F. Berry who is foreman of the jury has been ill for some time and the visit had to be postponed on that account. The jury will leave on the Wabash this morning at 7:15 in charge of Deputy Sheriff Andrews. It is expected that the visit will require two days and the jury probably will return home Thursday and be ready to return a verdict in a short time afterward. The members of the jury are: J. F. Berry, foreman, Jacksonville; William Cockin, Alexander; William Oxley, Franklin; N. B. Rohrer, Waverly; Adrain Bryant, Centerville; G. A. Dunlap, Liberty; Edwin Cade, Woodson; George Dewese, John Roberts, P. J. Wolfe and L. B. Haynes, Jacksonville.

Mr. and Mrs. Ellsworth Wells expected to start last evening for Chicago to witness the great automobile show in Chicago.

## PIMPLES AND SKIN ERUPTIONS DANGER SIGNS OF BAD BLOOD

### First Sign of Blood Disease.

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull, sluggish feeling leaves you—the complexion clears up. Even long-standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If you need expert advice write to Swift Specific Co., Atlanta, Ga.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'Santal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## The Constipation Curse

Constipation—clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities, Santal Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request, if you mention this advertisement. The Santal Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

## THOMAS K. HALE ELECTED FIRST LIEUTENANT OF CO. B

An election was held by the members of Co. B, 1. N. G., in the armory Monday evening. Capt. L. P. Owen presided. The election was for the purpose of choosing a first lieutenant for the company to succeed Samuel C. Hunt. Lieutenant Hunt was first lieutenant of the company but was compelled to resign on account of his duties as chief of the fire department.

At the election Monday evening Thomas K. Hale who has been second lieutenant, was elected first lieutenant and Harrison Dickson, first sergeant, was chosen as second lieutenant. There was a large attendance of members and the choice in each instance was unanimous.

Next Monday evening at the armory will occur the annual inspection of the company by a regular army officer. Upon this inspection depends the amount of money received by the state from the government for the maintenance of the national guard. Captain Owen expects to have a full attendance on this occasion and the public is invited to attend the inspection.

## IN MEMORIAM—OLD JIM.

There are many gateways to the soft part of the hearts of man and one of the most common and the widest is that of a man's love for his horse. About the fourth day of July, 1884, on the farm of the North Branch of McGhee's Creek in the state of Pike a wobbly-legged, big-eyed, black colt was born and looked over the green hills with all the wondering awe of his kind. His mother died when he was a very small boy and he roamed around for a time looking for the protection he had been used to. No finding it, he became a sort of orphan on the big pasture and at an early age he learned to care for himself. A quality that stayed with him to the last.

Before he was a year old he became the property of Reynolds Bros., who broke him for Mr. Robert Buckthorpe of this place. He was a hard youngster to bring under control and I remember well his first taste of harness. For ten long miles he walked along but absolutely refused to pull a pound. Then he took hold and all the rest of his life, he pulled with the best of them.

For twenty years he was the pet of the Buckthorpe family and Old Jim, as he became to be affectionately called, always got his three squares a day, before the head of the house got up. About seven years ago, when Mr. Buckthorpe died, the old horse was put on pension by the Buckthorpe brothers and has since never pulled a pound nor done a day's work. He has been absolutely free to come and go as he pleased until about three days ago he became too weak to get around. All of this time he has been on the farm of Robert Coultas and Mr. Coultas put the old fellow in the barn and fed him by hand. Now he is gone after a long and useful life. He has done more than many men. Some people laugh at the idea of horses going to a better world. I don't. Here is to Old Jim. A true friend to his friends and my only hope is that he considered us as good to him as we knew him to be to us.

## 10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Stomach Sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath, and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Adv.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine" hair cleanse. Just try this—moisten a cloth with a little Dandierine and carefully draw it thru your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Desires beautifying the hair at once. Dandierine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

### BETTER BABIES CONTEST WILL BE HELD IN DECATUR

Will be a Feature of Annual Convention of Illinois Farmers' Institute.

The Illinois Farmers' Institute is to have a Better Babies Contest on February 22, 1916, in Decatur, Illinois. This contest will be conducted under the auspices of The Department of Household Science and will be open to children from 6 to 24 months of age.

The Better Babies Contest is a popular yet scientific movement to improve the race by holding up certain physical and mental standards of perfection to which every mother should aim to bring her baby. The Woman's Home Companion says, "The Better Babies Contest insures a better race of Americans because it teaches parents how to improve the physical condition of children already born and to protect those yet unborn. It arouses interest in the conservation of child life and health in all forms of child welfare. It forges a connecting link between parents and teachers, between the home and the scientific study of child life. It promotes civic interest in children of the community."

Good looks and fine clothes will have no influence on the judges, as the first two considerations in Better Babies Contests are physical and mental development. The grading is done on the basis of scientific measurements and tests.

A beautifully designed bronze medal and diploma presented by the Woman's Home Companion will be awarded to prize winning babies. Every mother will get a score card on which will be marked the results of the physician's examination of her baby also a certificate showing that her baby was examined at the Better Babies Contest. Other awards will be announced later.

There is an unusual opportunity to secure a thorough examination of your baby free of charge. If you have a 100 per cent baby Illinois ought to know about it. If your baby has defects which causes him to be scored low, you ought to know about it so that you can remedy them and ultimately have a perfect baby.

The personnel of the committee in charge of the "Better Babies Contest" is as follows:

Mrs. William Downey, Decatur, Chairman.  
Mrs. E. A. Gastman, Decatur.  
Mrs. W. T. Wells, Decatur.  
Mrs. D. A. Clough, Maroa.  
Mrs. A. A. Hill, Casser.  
Mrs. J. C. Hessler, Decatur.  
Dr. Harriet Day Chandler, Decatur.  
Dr. R. Zink Sanders, Decatur.  
Dr. Harry C. Kepler, Decatur.  
Dr. Clare Garber, Decatur.  
Dr. Ellen F. Grimes, Decatur.  
Dr. Huston J. Spyker, Decatur.  
Dr. H. C. Jones, Decatur.

Registration blanks may be secured from the Chairman of the Committee; send for one, fill it out and mail it to her so that your baby may be properly entered.

Formerly, when a mother was weak enough to study up on the care and feeding of children and tried to bring up her babies according to the methods prescribed by specialists, her neighbors laughed at her "book raised babies." Today she can laugh at the foolish mothers who scorned scientific methods, because in a Better Babies Contest she finds that her babies are among the finest. The Better Babies Contest is a comparatively new thing, but it has come to stay just as the competition at fairs for cattle and grain and fruits have become a regular feature.

A man is now prouder to the father of a 100 per cent baby than he is to own a prize winning bull or a blue ribbon horse. Baby is coming into his own at last, because we are beginning to realize that he is the asset of the nation.—Mrs. William Downey, Chairman.

### CAPONS ARE PROFITABLE

Why Not Get Highest Price For Male Chickens? Operation So Simple A Child Can Master It.

A Capon bears the same relation to the rooster that the steer does to the bull, the barrow to the boar, the wether to the ram, and the gelding to the stallion. The operation is performed on the rooster while he is young and instead of developing the slim body, heavy comb, and sharp, jagged appearance of the cock bird, the capon grows a heavy body with a small head, no comb and a meek appearance. The capon is not so excitable as the male bird and is easier to handle in every way, growing faster, taking on fat more easily and doing well in confinement. The capon will brood chicks, and by some, is declared to have superior mother traits to Madam Biddy herself, because he has more abundant plumage, greater spread of wing, and longer, softer feathers. Instead of the lusty crow of the cock bird, the capon has an appealing cluck.

More on Capons.  
Capon should be as common as steers and barrows on Illinois farms, and for the same reasons. The capon's meat has no superior for juiciness, tenderness and sweetness. It commands the premium of poultry prices. A ten-pound capon can be grown on the same amount of feed

### U. S. PUSHES ALASKA RAILROAD

Seattle, Jan. 22—Three thousand additional railroad workers will be put into the government's job of soon as the spring brings its rainy weather. Supplies have been purchased and will be forwarded to Cook's inlet, which is the base of railroad operations. The railroad will bring a big boom to Alaska,

that an eight-pound rooster will consume and the ten-pound capon will command twice as much per pound on the market and the demand is increasing. More "Caponizing" and less "Swatting the Rooster" will bring larger returns to the Illinois Poultrymen.

Operation Simple  
Anyone can perform the operation. It is so simple and easy that a child can master it. With a little practice one can easily caponize a cocked every two or three minutes. The operation consists in stretching the cocked on top of a salt barrel, holding him in place by weights attached to the legs and wing. The feathers are removed over the area where the incision is to be made, a slit is made in the skin and a spreader inserted to keep the ribs apart while a specially designed instrument, a kind of hook and probe is used to caponize the bird.

Professor J. P. Gilbert, in his lecture on "Profitable Poultry" before the 21st Annual Meeting of the Illinois Farmers' Institute in Decatur, Illinois, February 23rd, will caponize live cockerels; the lecture and demonstration will be free to all and his instructions will be so plain that a 10-year-old boy can follow them with absolute success.

The caponizing should take place before the comb and wattles start to develop on the cockerel, the younger the better. One can practice on a dead bird slaughtered for table use, if he wishes, thus becoming proficient before starting on live ones. After the operation the cockerel recovers more quickly than an altered boar or lamb, and the wound heals readily.

Why not get the highest price for our male chickens? It's just as foolish to feed roosters for the market as it would be to have a feedlot full of boars, bulls or bucks in an effort to profitably produce meat for market.—H. A. McKee, Secretary.

### Choosing a Farm.

Between now and the next crop season many farmers will choose new farms. Each step must be more carefully taken than ever before on the ladder whose rungs are the positions of hired man, tenant, mortgage owner, debt-free owner and improving owner, says Prof. F. B. Mumford, of the Missouri Station. Without such help as that of a wealthy father, it is no longer so easy to reach the top of this ladder without climbing the lower rungs as it was when land of virgin fertility could be bought for as little as \$1.25 an acre.

In fixing the cash values of land the renter or purchaser should be careful not to confuse economic with social or aesthetic factors. Unusually desirable houses, barns, and fences may add to the cost of land out of proportion to the addition to their earning power and the buyer must consider whether he can afford certain things which bring great pleasure and satisfaction, but no money return. Nearness to town and market similarly raise the price partly for social reasons, partly because they make it possible to market certain products which could not be grown profitably farther from town. Fertile land is their real essential in farming but a question often raised is whether it is better to buy only the best land or to buy poorer land and build it up by applying the discoveries of the experiment stations and of the most successful farmers.

The personal preference and ability of the buyer must be considered in determining whether to buy a small farm at a higher price per acre and whether to buy only very fertile land with a view to producing only crops or to buying a mixed farm with some rough, well-drained portions for permanent pastures for live stock. Numerous other factors must also be considered, including the supply and price of labor, kind of neighbors and nearness to schools, grange, and church—Indiana Farmer.

### VARIETIES OF WHEAT.

A guide book to enable farmers to distinguish the different varieties of hard spring wheat, both common and durum, is being published by the United States department of agriculture says Farmers' Bulletin No. 683. The purpose of the bulletin is to help wheat growers test their varieties, and more especially to enable them to keep their seed pure and free from crosses which will lessen its value. As a sample the bulletin gives this advice for distinguishing common and durum wheat, which holds true for most common wheats grown in the durum wheat district, though not entirely applicable to some of the common wheats grown elsewhere in the United States and in foreign countries.

Common Wheat—Head rather slender, beardless or beards less than three inches long; spikelets far apart, scarcely overlapping, wide when seen in face view.

Durum Wheat—Heads rather stout, all bearded, beards four to eight inches long; spikelets close together, much overlapping, narrow when seen in face view.

The bulletin also contains diagrams and maps showing the relative yields in the states and the great plains area secured from hard winter wheat, durum, life, Preston and bluestem, together with descriptions and discussions of the various groups of wheat.—Indiana Farmer.

### HOBOS IN NATIONAL CONVENTION.

St. Louis, Jan. 24.—The hobos have beat them to it. The political parties who will formulate their platforms at Chicago and St. Louis next June will have to step lively to think up a better schedule for all-around cure of conditions than the hoboes have scribbled off.

Here are some of the "planks" that will go into the hoboes' platform at the national convention that opens here tomorrow. Not that there will be any scaling down, or physical labor, or that sort of thing:

1. The establishment of a "hobo university," on the plan of James Eads How, the "millionaire hobo," who will be financier, president, faculty and board of trustees. The science of medicine would be expounded, to keep the knights of the road in good health; economics would be taught to show them how to recognize a job when they met one; and the expounding of the law of the land would be also a feature, to enable them to keep out of the clutches of the "bills."
2. Protest against military preparedness.
3. A shorter working day.
4. Abolition of the law against vagrancy.
5. Assertion of the right of the "hobo" to panhandle, as well as the missionaries and Belgian relief society.

The delegates to the big hobo convention are arriving on every train. The freights have the call. Accredited delegates come from fourteen branches of the Brotherhood Welfare association, and there are many free agents who represent the unorganized rovers in all sections of the east and middle west. James Eads How is busy welcoming the arriving delegates and sees that they are properly entertained at his local club.

The national convention will open tomorrow morning, after coffee and doughnuts have been served. The association's meal-ticket, the eccentric How, who has hit the trail in America and Europe in real hobo fashion for many years, will preside. For four days the hoboes will consider their problems from their own angle, and will have interesting things to say.

## Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven. Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

## Home Baking is Simplified by the Use of K C Baking Powder

With K C you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

### SEWER TROUBLES REPORTED TO THE CITY COUNCIL

Flushing Apparatus May be Secured  
—Water Bill Complaints Discussed—Health Ordinance to be Considered.

The Monday morning session of the city council was not of a very lively kind, the business being largely routine. Mr. Widmayer reported that R. A. Gates, who has been making the annual audit of the city books in accordance with the commission form of government law, has completed his work. Mr. Widmayer said he had not examined the report but would present it to the council at a later date.

Mr. Cox reported trouble with sewers in a number of localities and said that the work in flushing them was hindered in a number of instances because of the lack of manholes. He thought that when sewers are laid in future days that a greater number of manholes should be included in the specifications. Mayor Rodgers referred to some special apparatus he had seen advertised for clearing out sewers that are stopped up. The equipment is known as a sewer cleaner and operates somewhat on the same principle as a flue cleaner used in a boiler. A water turbine is used to force the cleaner thru the sewer and to give it the whirling motion necessary to remove the matter clogging the flow. Mr. Cox will investigate about the desirability of securing such an apparatus.

Mr. Vasconcellos mentioned complaints that he has in the water department from consumers who fail to keep their plumbing in proper condition and then object to the payment of bills which are higher than they should be because water has leaked out. He reported one case where a man complained of a \$6.50 bill for a month's water service, and when he was directed to have his plumbing repaired the next month's bill was 77c. This was taken by the department as proof that it was not the city's fault that the \$6.50 bill was rendered.

Mayor Rodgers mentioned the interview he had recently with Superintendent Ustick of the C. B. & Q., in which Mr. Ustick indicated that he will give speedy consideration to the proposition of having the afternoon train south on the Burlington move on a schedule an hour later. The mayor said further that Mr. Ustick is very anxious to arrive at some arrangement with the C. & A. for the joint use of their station. The mayor told the council that he had said to Mr. Ustick that the city would lay nothing in their way for such a project and in fact would be glad to aid as much as possible. The mayor asked the council if they felt the same way and all gave assurance that city co-operation will not be lacking when the project for a union station takes on more definite form.

Mr. Miser said the railway company will take up their tracks on Illinois avenue just as soon as the frost is out of the ground. Mayor Rodgers referred to the health ordinance which has been pending for some time and said that he saw less objection to it each time he read it over. He thought action had been delayed long enough and suggested that the ordinance be presented at the next meeting and be voted up or down.

Bids for printing for the current year were opened and were as follows: Courier company, \$70; Journal company, \$50. The action was deferred in accordance with the rules. The council then adjourned.

**ELECTRIC CHAIR FOR KENTUCKY NEGRO.**  
Louisville, Ky., Jan. 24.—A negro will be electrocuted at the Kentucky state prison tomorrow morning. He is James Henry Blue, who killed his aged landlord with a hatchet on May 29, 1915. The killing was done when Aster came to collect the rent of the house occupied by the colored man. Witnesses at the trial testified that Blue grabbed the hatchet from the arm of the aged contractor and buried it in his head.

**A VISITOR FROM ASHLAND.**  
Among the arrivals in the city yesterday was S. A. Short, a well known resident of the thriving town of Ashland. For many years Mr. Short has been justice and notary in Ashland and is known and honored by a large number of citizens.

**LOUISIANA PRIMARIES TOMORROW.**  
New Orleans, La., Jan. 24.—The interesting feature of the state primaries tomorrow is the ballot battle for the Democratic nomination for the governorship. Lieut. Gov. T. C. Barret and Col. Ruffin G. Pleasant are the opposing candidates and both have put up stiff campaigns.

### LYMAN F. JOY TELLS OF CONDITIONS IN EARLY DAY

Father Moved to Morgan County  
From New England—Cotton Life Has Interesting Features.

The Journal's worthy veteran director, Lyman F. Joy of Joy Prairie, was in the city Saturday in answer to questions gave some interesting facts regarding early days. The gentleman's modesty is so well known that the reporter didn't dare take any notes during the conversation and only gives a few random recollections of the conversation.

It was about 15 years ago when my father moved from New England to this county. He and my uncles Charles and Sylvester had been out the year before and had bought some 1200 acres of land and my father had for his family and help a cabin 24 feet square without a loft inhabitable in that structure 21 people lived the first year and I have heard by mother say that she never knew a happier year. No matter how large the family there was always room for guests and they used to come sometimes in good numbers and an offer to pay would have been a great insult.

**First Cook Stove.**  
"My father built a small lean-to back of the house and in that the cook stove was placed and I think it was about the first one brought to the county. As nearly as I can remember it was the width and height were some thirty inches each and on the rear there was some sort of a sheet iron oven. It was regarded as a great curiosity and many women came to see it. Some thought it a great thing; rather more looked on it as a new fangled affair brought by a Yankee and pretended to think little of it. Just how much soot and smoke entered into the sentiment I shall not undertake to say.

The stove was not the old time step affair with high oven on top and back and I have no seen another like ours.

Hog killing was a gala affair and neighbors used to come and help and it was quite a day. We had good hogs and made the usual sausage, cut out hams and shoulders and smoked them. Sausage was chopped with a cleaver on a block and a sausage grinder was a great curiosity when it came into use.

**Tramping Out Wheat.**  
I shall never forget my experience riding a horse to tramp out wheat. We had a hard place prepared and on it spread the sheaves, unbound them and started the animals. I felt my importance not a little and thought I was indeed a great man.

That night my parents were looking for company and thinking he heard them clucking and thinking he heard their went to the door and no company was there and investigation proved that I was the one making the noise in my sleep. My father didn't fancy threshing that way so he sent east and brought out a ground thrasher and I shall never forget the sensation it made. It was simply the cylinder of a threshing machine set on the ground and secured to the horse power. The sheaves were fed into it and out at the other side came straw chaff and wheat with plenty of dust and dirt and the task of handling the straw, the chaff and the wheat was not an easy one and the ones who worked at the throat of the machine were black with dust.

**Separator Introduced.**  
Wind mills propelled by hand were peddled about the country and they were used to separate the chaff from the wheat. The ground thrasher was used but a few years when the separator was introduced and made a great revolution in the work of threshing.

Flour and meal were secured at a great expense of time and trouble as the nearest grist mill was at Exeter and the trip there was long and tedious but unavoidable. There was an old saying then.

"Better go twice to mill than once for the doctor."

**Plowed Corn at Ten.**  
When I was ten years old I began to plow corn and we used to do that work with the ten inch breaking plow. I think I did not at any time use the old time shovel plow. The first or second time we turned the dirt away from the corn and then when it was larger we turned the soil the other way and left a canal between the rows at least. It seems to me that horses were tougher than now. I have seen a horse used for cultivating corn as high as his back sweat (in the moisture would run off from him in a stream yet he didn't seem to be hurt any but a horse treated that way now a days would drop dead.

**Top Buggy a Sensation.**  
My father was a progressive farmer and felt his wife was entitled to something better than a farm wagon in which to ride to church and elsewhere as was custom generally in those days to a great many men and women rode horseback and many a dashing youth has taken his best girl on a horse with him to a gathering. However, my father wanted something better so he sent away and bought a top buggy and it created a great sensation. It was regarded as something extra fine and it being the only one in the whole vicinity and much admired it was greatly in demand by wedding parties and I shouldn't be surprised if a hundred couples had ridden in it on their wedding day at least.

At last my father became disgusted with maintaining a rig for others to use and sold it for \$25.00 to a man in Beardstown and after waiting two years for his money took 100 bushels of wheat in payment of the debt, the grain being then worth in the market 35 cents.

Like so many others, Mr. Joy thinks the people of those days enjoyed life even better than the residents of the county now when privileges are so abundant.

Mrs. Harry Cobb is here from Springfield for a visit of a few days with her parents, Mr. and Mrs. T. J. Packard on West College avenue.

### ASBURY.

Clifton Green of Gering, Neb., arrived here Sunday for a week's visit with his parents, Mr. and Mrs. A. B. Green.

Mrs. Carl York and daughters, Dorothy and Bernice, spent Saturday with Mrs. James York in Jacksonville.

Mr. and Mrs. George Hembrough and daughter Marie and Mrs. Carl Hembrough and George Megginson were Sunday guests at the home of Mr. and Mrs. R. W. Megginson.

Mrs. George Cline and children William and Lucile spent Saturday and Sunday with Mrs. Albert Cline. William Megginson was a Sunday guest at the home of Mr. and Mrs. Claud Winter, south of Jacksonville. Charles and George Newman, Ralph and Paul Barrow, Ray Morris and Mr. and Mrs. C. L. Hembrough spent Tuesday evening with Mr. and Mrs. Harry Trotter.

Mrs. Carl Hembrough entertained the members of the Larkin club at her home last Wednesday afternoon. During the hours refreshments were served.

Mrs. William Craig spent Tuesday with friends in Jacksonville.

### PISGAH.

Several from here attended the Coultas sale near Jacksonville last Tuesday.

The funeral of Mrs. Sophrona Boyer of Rushville, Ill. was held at Sulphur Springs church last Friday morning at 11 o'clock and burial was in the cemetery at that place.

C. R. Caldwell and family spent Sunday with Mr. and Mrs. George Coker.

William Evans and family of Franklin spent a few days last week with relatives here.

Mrs. Charles Wood who has been sick for some time was taken to Our Savior's hospital last week.

A series of meetings began last Sunday night at Sulphur Springs church.

Asa Kroush is the possessor of the high price cow of Pisgah; he bought her at the Coultas sale last Tuesday, paying \$120 for her.

### DURBIN.

Miss Dorothy McDevitt has been detained from school the past week by illness, but is improving.

Rev. O. H. Myers was called to Chanderville Friday to conduct a funeral, but expected to be back by Monday evening to resume his work in the revival meetings at Durbin, which are expected to continue during the week.

Mrs. Bert Rawlings, Mrs. Thos. Smith and Mrs. Hugh McDevitt have all been ill, but are better.

### AN OLD PROVERB.

It used to be proverbial that every man (and it is certainly no less true of woman) is either a fool or a physician at forty. This means that every intelligent person must learn so much about caring for his own health that by the time he is forty years of age he can almost be reckoned as a physician.

Why, then, is there so much talk by doctors against "self-medication"? A woman can recognize all ordinary ailments without calling on a doctor. If they are ailments distinctive to her sex she generally knows enough to use that greatest of all remedies for such ailments, Lydia E. Pinkham's Vegetable Compound, and likewise she is familiar with the standard remedies for other diseases.—Adv.

### DINNER FOR FIREMEN.

Members of the city fire department were served a dinner Sunday night in the city council chamber thru the courtesy of Andrew Russell. Not long since the department made a run to the home of J. W. Hubble on Lockwood Place, which is owned by Mr. Russell. The services of the firemen were not needed, as an expression of appreciation for promptness, Mr. Russell arranged with the Douglas hotel to serve the firemen with a dinner. Tables were taken from the hotel and spread in the council chamber, and the good things to eat were taken in courses from the hotel kitchen, and the firemen found the menu excellent in every respect. In addition to members of the department, those present included Mayor H. J. Rodgers, Commissioner Martin, City Clerk R. L. Pyatt and Chief of Police Geo. P. Davis.

### AGAIN IN CLUTCHES OF LAW.

Earl Taylor is again in the clutches of the law. He was arrested Monday by Officers White and Baker on the charge of violating the federal law in selling liquor without a license. Taylor has been in trouble on this charge before and was indicted by the federal jury at the January term. United States Deputy Marshall Metcalf came to the city and will take Taylor to Springfield for trial.

### MAROONED BY FLOODS.

E. E. L. Ryland who had been visiting his daughter, Mrs. H. M. Andra for some time and who left some days ago for his California home, sent word that he is marooned at El Paso, Texas, by floods and at the time of writing didn't know just when he would get away.

## Croupine Stops Croup at Once!

Dr. Knott's New Remedy Gives Quick

physician of 31 years' practice, in his treatment of croup and coughs. Croupine is in no sense a patent medicine, absolutely does not contain morphine, chloral, codeine, chloroform, camphor or other poisonous or habit-forming drugs as other treatments so often do. It acts instantly. It's a new blessing to thousands of mothers. When your child is seized with croup, quick action is necessary. Croupine relieves the frightful gasping and clutching for breath, loosens the phlegm, and clears the throat at once. There is no vomiting, no bad after-effects. Money back if not satisfied.

Croupine gives instant relief also in cough, hoarseness, colds, croup and bronchitis. Sold by all druggists in 25c and 50c bottles, or sent direct by L. D. Knott & Co., Monticello, Ill. For sale in Jacksonville by Lee P. Allcott and other leading druggists.

**Do Something  
for your Cold.**  
Do not let it wear you out  
and encourage sickness.  
Take Dr. King's New  
Discovery. You will  
get instant relief.

Most of us neglect coughs and colds.  
We brush suggestions aside with the re-  
mark "I'll be better soon," and often-  
times we do get better. However, when  
that cough or cold gets a hold, it usually  
means annoyance, interference with our  
work and often a spell of sickness fol-  
lows. Isn't it better immediately to  
check that cold and ease the cough? Dr.  
King's New Discovery does it! Search  
as you will, you will not find a better  
remedy.

Dr. King's New Discovery is made of  
Pine Tar mixed with soothing balsams  
and laxatives. It's antiseptic and kills  
the germs, allays the cold-fever and  
soothes the irritated, inflamed throat.  
The very first dose gives you relief. You  
cough with less strain. And if you have  
a hacking or dry night cough, grateful  
relief follows and you soon drop into a

money for doctors' advice and medi-  
cine. Still her condition did not im-  
prove. She found relief, wonderful  
surprising relief in a drug store win-  
dow. This is her story, as she tells it:  
"I suffered so from indigestion and  
colicky pains that at times I was com-  
pletely incapacitated for my house-  
hold work. I saw a window display  
of Mayr's Wonderful Remedy and de-  
cided to purchase a bottle, which I  
did. I have taken only one bot-

wonderful. I have not had a pain in  
my stomach since, and let me say  
that for the first time in many, many  
months, two days following I have had  
a natural movement of the bowels. I  
feel I cannot say enough for the re-  
markable virtues of your remedy."  
Mayr's Wonderful Remedy gives per-

**FOREIGN CORRESPONDENCE**  
(By The Associated Press.)

Berne, Switzerland, Jan.—There  
is one small postage stamp, with a  
black border and the single word:  
"decade" (dead); which represents  
a greater tragedy than any battle  
in the present war. It is the stamp  
used by the International mail ser-  
vice, conducted by the Swiss govern-  
ment, between the prisoners of war  
of all nations and their families, on  
letters directed to soldiers who  
have fallen at the front or died in  
hospital.

A large table is piled high with  
these letters, each bearing the fatal  
stamp "Decade." This but one mail,  
and each day's mail piles the table  
again. They are to families in Eng-  
land, Germany, France, Turkey,  
Austria, Japan—the entire range of  
fighting countries—for Switzerland  
has taken over the entire work of  
administering this mail service be-  
tween families and their men at the  
front.

For a small country it is an enor-  
mous work that Switzerland has  
thus assumed, bearing the entire  
expense without a penny's charge  
to anyone. Located right in the  
heart of the carnage, with the fight-  
ing nations on every side, Switzer-  
land is peculiarly placed, of-  
fectively carrying on this humani-  
tarian work. It is like the diplo-  
matic work which the United States  
assumed for the different countries.  
But the magnitude of the work is  
probably greater owing to the vast-  
ness of these daily mails between  
all the fighting countries. And yet  
Switzerland does this work simply  
and without noise, and few know of  
the extent of the undertaking.

Accompanied by Secretary Breny  
of the Post Office Department, who  
is in direct charge of the work, the  
Associated Press representative saw  
its many branches of activity in full  
operation. Even the big General  
Post Office of Switzerland was not  
adequate to carry on this interna-  
tional work, and the huge gymnas-  
ium was brought into service. Here  
the trapezes and flying-rings have  
been looped to the side walls, along  
with rows of Indian-clubs and dumb-  
bells, giving a free open space for  
the enormous influx of soldier mail.  
Long trains of mail-vans are at the  
door, and some thirty to fifty wa-  
gon-loads of this mail are handled  
daily—letters to Bombay for Tur-  
kish prisoners there by the English,  
or to Nagasaki, Japan, for German  
prisoners held there by Japan, as  
well as the nearly transmission be-  
tween France, Germany, England,  
Austria, Italy, Bulgaria, Serbia, Bel-  
gium, etc.

A great pile of German mail has  
just come in, and the bags were  
stacked up on the floor.

"Here is something curious," said  
one of the officials, turning to the  
German mail-bags, "you will notice  
they are made of paper—yes, paper  
mail-bags. Usually mail-bags are  
very stout, of leather or heavy can-  
vas. But lately we have noticed  
the Germans are using paper for  
their bags. It means a big saving  
on their hemp, and the bags are  
strong and serviceable."

Taking a knife, one of the paper  
mail-bags was cut, showing great  
resistance. It appeared to be a  
new quality of paper, with fibre al-  
most like the mesh of cloth, but un-  
mistakably paper.

"It is remarkable," said an on-  
looker, "how the Germans get up a  
serviceable substitute as soon as  
they run out of any article."

Here is another curious and sig-  
nificant fact, said the official in  
charge of the gymnasium mails. He  
held up a large card, a foot square,  
on which he had placed 21 samples  
of rope and twine.

"Those show the ingenious sub-  
stitutes the Germans are now using  
for ordinary rope and twine," said  
he.

The samples were from various  
mail bundles from Germany. They  
ranged in size from a small-size rope,  
about 1/8 inch thick to ordinary  
string. None of the 21 samples had  
any hemp. Most of the small strings  
and twines had a fine inner wire,  
to give tensile strength, wound  
with paper to give an outer finish  
and flexibility. The heavier ropes  
were of paper, with strands wound  
together into a stout material. But  
the little inner wire seemed the ba-  
sis of strength in these strange Ger-  
man substitutes for hemp rope and  
cord, required so enormously in or-  
dinary business and commerce.

All about, long lines of postal  
employees were at work sorting the  
soldier mail—letters, packages and  
money orders—going to various  
countries. Many poor people mail  
a loaf of bread daily to the son or  
father away at the front or in pris-  
on. One of the wrappings of a loaf  
of bread had broken open, and dis-  
closed that the sender had insensit-  
ibly inserted a copy of the Paris  
Matin inside the bread. It was  
doubtless done without malice, the  
officials said, by some poor mother  
who wanted her son to get a

throbbing head—nothing else in the  
world gives such prompt relief as  
"Papes Cold Compound" which costs  
only 25 cents at any drug store.  
It acts without assistance, tastes  
nice, and causes no inconvenience.  
Accept no substitute.—Adv.

glimpse of the home paper. Most  
of the packages made one sad to see,  
they were so pathetic in their im-  
poverishment and yet so full of client  
love. One was a small remnant of  
a Xmas tree, with some of the  
trinkets adhering. Others were  
packages neatly divided into small  
sections of chocolate, tobacco, soap  
and other needs and small luxuries  
of the men away from home.

But the most poignant branch of  
this busy bureau was the table heap-  
ed with letters and packages which  
could never be delivered, each bear-  
ing the stamp "decade." One em-  
ployee was binding these letters in  
packages of a hundred, and there  
were many of these hundreds, with  
the incoming vans adding to them  
constantly. When the letters are  
first received, every effort is made  
to deliver them, but when the official  
record or other authoritative infor-  
mation shows the soldier is dead the  
fatal black-marked stamp "decade"  
goes on the letter and it is returned  
to the sender. And so this stamp  
carries into countless homes daily  
the news which is a tragedy to each  
one of the households—the first  
news, for the sending of the letter  
showed the family thought the son  
or father was still alive.

"There was a strange incident  
about one of those letters," said the  
official. "The letter was sent by a  
mother in Germany to her son in  
France. Finding he was dead, the  
letter was returned to the mother,  
with the stamp 'decade.' But the  
mother, not understanding the  
French word 'decade,' thought it  
meant the name of the town to  
which her son had been transferred.  
And so she wrote him again, and  
this time all the children joined in  
the letter, and it was addressed to  
his name, at 'Decade,' France. Of  
course there is no such place, and so  
again the letter went back with an  
explanation why it could not be  
delivered."

In other nearby rooms scores of  
male and female employees were at  
work on postal orders. It needed  
nice calculation in each case, making  
the exchange between French francs,  
German marks, English shillings,  
Russian rubles, Italian lira, Aus-  
trian kroners, etc. The records kept  
by Mr. Breny showed France was  
sending about five times as much  
to Germany as was sent the other  
way, indicating more French pris-  
oners than Germans or else more  
generosity. In October, for example,  
France sent 153,000 postal orders to  
French soldiers in Germany, totalling  
1,681,000 francs (\$336,000),  
while Germany sent 34,000 orders  
to German soldiers in France, totalling  
446,000 francs (\$110,000).  
Russia is also sending an excep-  
tionally large number of money orders  
to her soldiers in Austria, Hungary  
and Germany. Since the war began,  
over 35,000,000 francs (\$7,000,000)  
has been transmitted from families  
to soldiers imprisoned in various  
countries.

Mr. Breny summed up the mag-  
nitude of this work in all classes of  
soldier mail as follows: "Each day  
the Swiss post office receives and  
forwards an average of 219,984 let-  
ters and postals, 16,912 small un-  
registered packages, 51,897 regis-  
tered packages and 8,328 postal or-  
ders—this is the daily average, on  
the special service of soldier mail."

And yet Switzerland, small and  
not a rich country, is doing this  
work without charge and doing it  
gladly; its state railways carry all  
this mail free of charge; all postage  
stamps and duties are waived hun-  
dreds of extra postal employees are  
engaged in administration; and ex-  
penditures of 20,000,000 francs  
(\$4,000,000) of various kind are  
waived—that is the way a small  
country is obeying a large impulse  
to do its share in the better part  
of the war's work.

Havana, Cuba, Jan.—The ques-  
tion of the increase of the Army and  
Navy of Cuba continues to come up  
for occasional agitation in the press  
but seems to excite no popular re-  
sponse. The few advocates of Cuban  
"preparedness" base their argument  
on the possibility of the United  
States being drawn into the Euro-  
pean conflict, in which event they  
fear that the wealth of Cuba might  
excite the cupidity of some of the  
combatants who might seize upon  
her attitude of dependency on the  
United States as an excuse to violate  
her neutrality.

That Cuba could raise an army  
of several hundred thousand men  
is obvious but there are very few,  
if any, Cubans who can see the faint-  
est necessity for it. Cuba's army  
as it stands is a large force for such  
a small country to maintain. It is  
somewhat over ten thousand strong,  
which would be about the equivalent,  
in proportion to population, of a  
standing army of half a million men  
in the United States. Its function is  
not the repelling of foreign invasion  
but the maintenance of domestic or-  
der for which it is admirably  
adapted, its discipline, organization  
and equipment leaving nothing to  
be desired. The only official action  
looking even remotely towards in-  
crease of the national forces has been  
a tentative study of the ques-  
tion of the establishment of a national  
militia. It is highly improbable, however,  
it will ever be considered seriously.

The Cuban Navy, which, up to  
the time of the restoration of the Re-  
public at the end of the Second In-  
tervention, was known as the Re-  
venue Cutter Service and was under  
the control of the Secretary of the  
Treasury, as in the United States,  
aspires to play a more and more im-  
portant role as time goes on. The  
fleet now possesses two small mo-  
dern cruisers and there is talk of  
purchasing one or two of the older  
gunboats now in the United States  
Navy, and also of acquiring a sub-  
marine. Strong efforts are being  
made by Captain Morales Cuello,  
the commanding officer of the Navy,  
to rear up a corps of competent  
young officers. Hitherto the lads  
have had their training abroad the  
schoolship Patria which makes fre-  
quent practice cruises in Caribbean  
waters, but plans are now being  
made to establish a regular Naval  
Academy along the lines of Anna-  
polis, on the Bay of Maribel about

thirty miles from Havana, to which  
will be attached the Patria and some  
smaller vessels to serve as practice  
craft for the cadets. It is prob-  
able that two Cuban officers now  
serving aboard ships of the United  
States Navy will be ordered to the  
Academy to serve as professors.

London, Jan.—The ratio between  
deaths by disease and deaths by  
wounds are reversed in the present  
war as compared with the Boer war.  
In South Africa disease was respon-  
sible for a large percentage of the  
casualties, whereas in the trenches in  
France disease has been reduced to a  
negligible minimum. The wounds in  
the South African war were usually  
neat bullet holes, which looked  
as if made with bradavls, while in  
the present struggle not only have  
shells and bombs brought new and  
terrible kinds of wounds, but a high-  
ly cultivated soil full of micro-or-  
ganisms such as tetanus, have added  
new dangers to the most trivial  
kinds of flesh wounds.

The difference between sources  
of casualties in the two wars was the  
subject of a lecture before the Royal  
College of Surgeons this week by  
Sir Anthony Dowling, who attended  
the King during his recent accident  
in France. He laid the destructive-  
ness of modern warfare to close  
range fighting and the use of high  
explosives. Shells have such varied  
effects that there are no typical  
shell wounds. Even rifle bullets  
tear the tissues badly, owing to their  
terrible velocity at short range. In  
Africa the bullets traveled a half  
mile or more and lost their force.  
Bombs and hand grenades threw  
up large quantities of trench dirt,  
which enters the wounds and infects  
them with extreme rapidity. Men  
when wounded usually fall into mud  
and water in Flanders, or into the  
dust, if it is summer.

Sir Anthony said the building of  
communicating trenches had, how-  
ever, considerably lessened the dan-  
ger of infection. In the early days  
of the war, before this means of  
passing under cover to the rear was  
invented, wounded men had to be kept  
in the advanced trenches until night  
to afford some protection to the  
stretchers bearers, for any attempt  
to collect the wounded in day time  
drew the enemy's fire. One man he  
treated lay for ten days before he  
could be rescued and consequently  
lost both feet as the result of gan-  
grene. Now the men are carried out  
of the trenches by means of chair  
stretchers which get around the cor-  
ners, but men falling in front of  
the trenches have to be rescued at  
night as formerly.

Not only the time elapsing before  
aid is received, but the physical con-  
dition of the men due to lack of food,  
drink or sleep must also be taken  
into account in estimating their  
chances of surviving.

London, Jan.—In the area of Lon-  
don known as the "city," which was  
formerly surrounded by the walls of  
London and is now the financial  
center with only a small residential  
but a large working population,  
there is only one conviction a day  
for drunkenness out of one and a half  
million persons. This statement  
was made at a meeting of the city  
council by Sir A. Power in behalf  
of the 420 licensed bars contained  
within these limits. His figures  
were based on police court records  
and an estimate of the number of  
persons working in the city during  
the day. There are only about 20-  
000 actual residents. In view of  
this record of sobriety, the soldiers  
asked the council to endorse a peti-  
tion to the board of liquor control,  
asking for a relaxation of the pre-  
sent stringent rules. The bars pay  
local taxes amounting to \$500,000 a  
year, it was said, and they suffer  
great hardship under the new rules.  
The council decided, however, that  
it was out of its province to endorse  
the liquorists' petition.

Paris, Jan.—"The Republican  
Guard," the crack Parisian regiment  
of the 1st band was heard in America  
in 1904 is not expected to do duty  
outside of the entrenched camp of  
Paris, but it has however, furnished  
516 men to fill gaps in both cavalry  
and infantry regiments and earned  
164 citations in orders of the day  
with nine crosses of the Legion of  
Honor, 21 military medals and 99  
warcrosses.

The guard is recruited among  
men who have accomplished their  
regular military service and who  
thereafter follow a military career in  
this select Parisian corps.  
Many of them are subaltern offi-  
cers; none of them are untrained  
men. Their particular service is to  
protect the capital, act as escort of  
honor to visiting notables and guard  
public buildings such as the Bank  
of France.

In September, just after the bat-  
tle of the Marne, General Gallieni,  
then the military governor of Paris,  
asked for volunteers to fill up the  
complement of officers and the ranks  
of some regiments of infantry; every  
soldier and officer of the Republi-  
can Guard volunteered; the men  
needed were chosen by lot. One sim-  
ple guardsman, Baillergeau worked  
his way up to the rank of captain,  
then was killed leading his company  
to the attack.

The names of "Dantzig," Fried-  
land, "Alceola" and "Burgos" were  
inscribed upon the banner of the  
"Guard" before the war; the names  
of "Champagne," "Artois," "Ypres"  
and "Hartmannswillerkopf" must  
be added for "guards" have distin-  
guished themselves in all those con-  
flicts.  
The municipal council of Paris  
has voted that a special plot be set  
aside in the Mont parnasse cemetery  
for the burial of the members of the  
"Republican Guard" who have  
fallen on the field of battle.

Petrograd, Jan.—None of the vol-  
untary relief organizations at work  
with the war refugees has gone  
about its task with greater skill than  
the Jewish, whose central committee  
is in this city. According to its in-  
formation 250,000 Jewish residents  
of the territory now occupied by the  
Germans and Austrians were sent  
away by the military authorities and  
200,000 left voluntarily.  
There are now 170,000 Jews re-

CROUP, COUGHS AND COLDS**  
Make the Best Remedy at Home —128 Teaspoonfuls for 50 Cents.

If everything was sold in as liber-  
al and fair a manner as M. E. Gilbert  
is selling Schiffmann's New Con-  
centrated Expectorant, absolutely  
no cause for complaint or dissatis-  
faction could possibly arise from  
anyone. This druggist says, "Buy  
a bottle of this remedy and try it  
for Bronchitis, Whooping Cough,  
Severe Cough, Croup or any Bron-  
chial Affection, and we will return  
your money, just as we do with  
Schiffmann's famous Asthmador, if  
it does not give satisfaction, or if  
it does not the best remedy ever used  
for any of these complaints." Why  
not take advantage of this guaran-  
tee and try this medicine, and get  
your money back, rather than buy-  
ing another purely on the exaggerat-  
ed claims of its manufacturer or on  
the strength of testimonials from  
others and run the chance of getting  
something worthless and also wast-  
ing your money?

Employment agencies have been  
opened in thirty-one cities and ten  
workshops have been equipped. The  
greatest and most useful help, how-  
ever, has been afforded in the ex-  
tension of credit thru cooperative  
loan societies. The central commit-  
tee guarantees these societies fifty  
per cent of their losses. Seventeen  
agencies for such financial relief  
have been opened in southern and  
eastern provinces.

Asylums and schools for children  
have been opened wherever refugees  
have congregated, likewise hospi-  
tals, infirmaries and homes for  
aged and infirm. The committee  
has already disbursed eight million  
roubles, of which the government  
supplied 1,500,000. No financial  
assistance has been solicited from  
abroad and practically none has been  
received. It is the belief of the  
central committee that if allowed the  
freedom of residence the Jewish re-  
fugees in central and eastern Russia  
will recover comparatively quickly  
from the disaster that has overtaken  
them. For military reasons such un-  
disturbed residence has not every-  
where been possible. Five thousand  
Jews that had settled in Poltava,  
under orders of course, were later  
required to remove elsewhere. A  
few hundred have lately been dis-  
lodged in the same manner from cer-  
tain westerly districts of Petrograd  
province.

**Cocoon Oil Fine  
For Washing Hair**  
If you want to keep your hair in good  
condition, be careful what you wash it  
with.  
Most soaps and prepared shampoos  
contain too much alkali. This dries the  
scalp, makes the hair brittle, and is very  
harmful. Just plain mulsified cocoon  
oil (which is pure and entirely grease-  
less), is much better than the most ex-  
pensive soap or anything else you can  
use for shampooing, as this can't pos-  
sibly injure the hair.  
Simply moisten your hair with water  
and rub it in. One or two teaspoonfuls  
will make an abundance of rich, creamy  
lather, and cleanses the hair and scalp  
thoroughly. The lather rinses out easily,  
and removes every particle of dust, dirt,  
dandruff and excessive oil. The hair  
dries quickly and evenly, and it leaves it  
fine and silky, bright, fluffy and easy to  
manage.  
You can get mulsified cocoon oil at  
most any drug store. It is very cheap,  
and a few ounces is enough to last  
everyone in the family for months.

#### RE-UNION AT MEREDOSIA

Relatives Gather at Home of Mr. and Mrs. J. L. McLain—Westerfield Boy Cuts Fingers Off—Other Meredosia News.

A reunion of the McLain brothers and sisters was held at the home of Mr. and Mrs. J. L. McLain Sunday when three brothers, David, Wesley and James McLain and six sisters, Mrs. Lavina James, Mrs. Alice Wade, Mrs. Ellen James, Mrs. Matilda Murphy, of Des Moines, Iowa, Mrs. Martha Holbrook of Minneapolis, Kan.; Mrs. Viola Bruce of East St. Louis, were seated at the table at the noon hour. Altho their hearts were saddened at the departure of the aged mother during the past week, this occasion brought to them pleasant memories of their childhood days together. Among the other relatives attending were: Mrs. Dave McLain, and daughter Sue; Mrs. Wesley McLain and children, Harold, Dorothy and Marjorie; Beulah Wade, Marguerite McLain and Mrs. A. Kerns.

**Loses Two Fingers.**  
Last Saturday while two small children of Mr. and Mrs. Fred Westerfield were playing with an axe the boy accidentally cut the tips of the two little fingers of the left hand off just below the nails. Dr. Louis Neville was called who dressed the fingers. It is fortunate the accident was not worse.

Mrs. Robert Bruce departed Monday for her home in East St. Louis, having been called here one week ago on account of the death of her mother, Mrs. Eliza McLain.

**Bride Lived in Meredosia.**  
Announcement of the marriage of Howard Johnson and Miss Elsie M. Weeks of Jacksonville reached this city Monday. The bride was at one time a resident of Meredosia and has many friends here who wish for them a future life of happiness and prosperity.

### PIKE COUNTY BOY, HOPPING TRAINS IS KILLED AT HOME IN BARRY

Barry, Ill., Jan. 24.—Hopping trains proved fatal to George Griffith, 17 years old, yesterday evening. He rode the east-bound passenger train to a point about a mile east of town, where a freight train, west bound, met the passenger train. In transferring to the freight train to ride back to town, the lad fell under the wheels of the freight car he was trying to board and received injuries from which he died about 10 o'clock last night. The accident happened at 4:30 yesterday afternoon. One leg was severed and there were internal injuries.

The freight train crew brought the injured youth to the city and he was taken to the home of his mother, where he passed away. Besides his mother, he is survived by several brothers and sisters.

### FORMER LOCAL RESIDENTS IN DAKOTA

The Journal has received a news letter from James Grimsley, now at Devil's Lake, North Dakota, and a former resident of this county. He enclosed several clippings from the Devil's Lake Journal giving facts about the weather. One of these clippings indicates that the temperature that day was 42.5 below zero, and Mr. Grimsley says that the day following the 46 degree mark was reached.

The newspaper weather statement was as follows:  
Mr. Grimsley tells about the work of Father Jerome, an Indian priest, who has done much for the instruction of his people. Recently he has been called upon to minister to many of them at the close of life for la-grippe followed by pneumonia has claimed many.

Mr. Grimsley says, "Father Jerome has been priest of the Indian congregation at the mission for either thirty or forty years. He translated the Bible from the English language into the Indian language, and he has exerted a great influence for good on the Indians."

Still another enclosure is a negative of a group of pupils of Ft. Totten school for Indian girls. In this picture appears Mrs. Grimsley, Kathryn and Eva Grimsley, formerly of Franklin. Still other facts are given which Mr. Grimsley and other former Morgan county residents have found much to interest them.

### URGENT ADOPTION OF AERIAL-CONTROLLED TORPEDO

Washington, Jan. 24.—Adoption of the aerial-controlled torpedo invented by John Hays Hammond Jr., was urged today by Secretary Garrison, Major General Scott and Brig. General Weaver at an executive session of the house fortifications subcommittee.

Mr. Hammond also was present and explained the workings of the torpedo. The war department estimates contain a proposed appropriation of \$945,000 for putting the torpedo into use.

### NAME INDUSTRIAL AGENT.

St. Louis, Jan. 24.—The appointment of Julius H. Walsh, as industrial agent of the Wabash railroad, was announced tonight. MRS. E. R. SIEBER DIES AT EAST ST. LOUIS HOME

Was Living With Her Daughter, Mrs. Buettner—Funeral Here Wednesday Afternoon.

Mrs. E. R. Sieber, formerly of this city, died Monday at 11 a. m. in a hospital at East St. Louis. Deceased was born in Prussia July, 1837, and came to this country at an early age. She was the wife of E. R. Sieber who died in April, 1914, after which she went to live with her daughter, Mrs. Buettner in East St. Louis. She leaves four sons, G. A., Albert, Carl and Edward, all of this city, and one daughter, Mrs. Minnie Buettner of East St. Louis.

The remains are to be brought here for interment and the funeral will be conducted at the residence of her son Albert on North Prairie street at 2 p. m. Wednesday.

HENDERSON.

William T. Henderson died recently at his home in Greenfield at the age of 77 years. He was born in Marion county, June 13, 1840, and was the father of nine children, one of whom is Mrs. Nancy Hackett of this city. He was a member of Co. G, Sixth Kentucky cavalry, in the Civil war and served three years, receiving an honorable discharge. He bore an excellent reputation in the community in which he lived.

CHAPIN.

Mrs. H. O. Smith and Mrs. James Joy were among visitors in Jacksonville yesterday.

Mrs. Lloyd Ross arrived Monday from Manchester to attend her mother, Mrs. Ada Funk, who is ill at her home in Chapin.

The Sneebecke Amusement company gave a well attended program in Chapin last night.

Al McCullough and Hunter Fox of Winchester were calling on friends in Chapin Sunday.

Miss Margaret Egan has gone to Chambersburg to attend a house party at the home of Miss Mae Ainsworth. The party began Saturday and will continue thruout the day tomorrow.

Miss Pearl Wild, Hazel Antrobus, Gladys Knapp and Esther Antrobus were hostesses at a slumber party Saturday evening at the home of Mr. and Mrs. E. C. Coulson, who are away from Chapin on a visit. Music and dancing held the attention of the guests until an early hour. Several friends of the guests were entertained at the Coulson home Sunday afternoon and an excellent time was the lot of each one present.

NEW LOCATION.

Dr. E. Sipes has located his office and residence at 308 North Church street.

**WRECK DELAYS C. & A. TRAIN.**  
A freight wreck at Rush Hill, Mo. Sunday night blocked traffic for several hours, and the Chicago & Alton Hummer, due here at 1:58 o'clock Monday morning, was merged with the 6:20 north bound local, and the combination train arrived in Jacksonville Monday forenoon at 10:30 o'clock. The train was derailed by way of the C. B. & Q. to Louisiana. No one was hurt in the wreck but a good sized section of track was torn up.

CITY'S RECEIPTS ABOUT NINETY-THREE THOUSAND YEARLY

Audit of the Books for Past Year Completed by R. A. Gates for City Council

As mentioned in the council proceedings yesterday, R. A. Gates, who was employed some time since to make the annual audit of the city's books, has completed his work. Mr. Gates filed his report with the council Monday and it gives in a comprehensive and concise way the facts desired. Mr. Gates is an expert accountant and his work always gives evidence of the painstaking care and intelligence used.

One summary gives the total amount received by the city during the year which closed April 30, 1915, and indicates that about \$93,000 is the average amount of money which the city receives from all sources. The summary of receipts is as follows:

Taxes received	\$52,521.65
Water rents	35,984.34
Interest	809.60
Justice of the peace courts	972.50
Billiard and pool licenses	689.15
Pavements opened	600.00
Petty licenses	255.50
Rents	124.00
Special assessments	175.83
House moving	12.50
Old machinery	400.00
Old boiler	100.00
Horse	60.00
Total	\$92,691.41

GIVES MUSICAL PROGRAM.

Wallace Tuttle of Springfield, O., gave a program of vocal music Monday evening at Central Christian church which was enjoyed by a good sized audience. Miss Alice Matbis acted as accompanist. Mr. Tuttle has just completed an engagement as singer for the Rev. L. Hadaway in a revival in Chapin. He plans soon to enter lyceum work.

A crowded house greeted Rev. Mr. Pontius at the service Sunday night. A sermon on "Marriage" was well received. Mark Van Horn of Alton sang a tenor solo at the morning service and Uriel Goveia gave a bass solo Sunday night.

AT CENTENARY CHURCH.

In the absence of the pastor, Rev. Mr. Flagge, called to North Carolina by the illness of his father, the pulpit at Centenary church was filled in the morning by Clinton H. Givan, principal of Whipple academy and in the evening by Rev. Mr. Sherman of West Jacksonville circuit. "Faith" was the theme of the talk by Mr. Givan.

Word received since the departure of Rev. Mr. Flagge indicates that the condition of the minister's father is far from hopeful.

MUSICAL ACT AT GRAND.

McCormick and Shannon, a musical act, opened a three days engagement at the Grand Monday afternoon. McCormick is a tenor singer something on the order of Fiske O'Hara. Miss Shannon is a good looking girl who knows how to wear clothes. Both have good voices and their Irish ballads Monday afternoon won approbation from the audience.

BIDS ARE ASKED.

Proposals are hereby asked for 3,024 feet of six-inch class B cast iron water pipe, together with fittings, to be delivered as directed by the city. Bids will be received until 10 a. m. Monday, February 14, and must be accompanied by a certified check for one-tenth of the purchase price.

GEORGE E. DOYING CHOSEN FOR AN IMPORTANT POSITION

Becomes Assistant Secretary of State Utilities Commission at Salary of Three Thousand Dollars a Year.

Announcement was made Monday of the appointment of George E. Doying of this city to the position of assistant secretary of the Illinois state utilities commission. The position is one which has just been created because of the increased work of the commission and carries a salary of \$3,000 a year. It has been rumored for several days that Mr. Doying would take this position, but the formal appointment was not made until Monday.

Mr. Doying has been managing editor of the Jacksonville Courier for several years and his direction of the affairs of the Courier has been marked by exceptional ability. It is understood that the board elected him for his present important position from quite a large list of possibilities, and certainly a man has been chosen who will fully measure up to the duties which are required. For the present Mr. Doying will not remove his family to Springfield and will find it possible to spend Saturday and Sunday of each week at home.

MR. HOPPER WRITES ABOUT PAY-UP WEEK.

Thomas V. Hopper, who is in Pasadena, Calif., has written the Journal commenting upon "National Pay-up Week" as advocated by the Merchants' Trade Journal. Mr. Hopper had not been advised that Jacksonville merchants were planning to observe the week, but his opinion of the proposition will be valuable. He says, "I would like to see the Jacksonville papers co-operate with the business men to make this week a great success. The plan seems simple and it is very easy to see that what helps one is bound to help others also. I am sure that all the merchants and business men will be glad to co-operate when they understand what the week can be made to mean to them."

Referring to weather conditions, Mr. Hopper says, "We are enjoying the continual rainy weather of Sunday. I wish we could have a day of sun. I must confess that it is getting monotonous, for we have had fifteen days of rain so far this month."

I. O. O. F. INSTRUCTION SCHOOL.

Odd Fellows of central Illinois will be interested in the school of instruction which will be held in Bloomington Tuesday and Wednesday, February 8 and 9. Grand Master J. J. Crowder of Peoria will be in charge of the meeting and will be assisted by Grand Warden William H. Blood of Chicago and several other of the grand officers. It is the hope to make this one of the largest schools held in recent years.

REPORT HIGH WATER.

Visitors at Lake Matanzas Sunday report a rise of a foot in the level of the lake within half a day's time. Fears were entertained for safety of the C. P. & St. L. bridge, north of Chandlerville, and a work train was on hand for use in emergency.

Patton.

Mrs. Bell Glandon and Miss Pearl Patton of East College street received word Monday of the death of their uncle, J. H. Patton of Mt. Sterling at St. Mary's hospital at Quincy, following an operation. Mr. Patton would have been 74 years old Monday had he lived. He was the last of a family of ten children. He was born in Estill county, Kentucky in 1842 and came to Mt. Sterling in 1867. Mr. Patton was a retired farmer and a man widely known, having many friends who will regret to learn of his death.

He is survived by his wife and four children, Albert J. of Springfield, Mrs. C. L. Pecknough of Rushville, Mrs. Edward Hinrichsen of Quincy, and Otto at home. Mr. Patton was a member of A. F. and A. M. lodge and of the Christian church.

The funeral will probably be conducted today from the Christian church of Mt. Sterling. Mrs. Glandon and sister, Miss Patton will attend the funeral.

Gates.

Mrs. C. L. Gates died Sunday evening at 6:40 o'clock at the family residence in Waverly. She was born near Palmyra where she lived until her marriage. She is survived by her husband and two children, Mabel and Earl. She was a member of the Waverly Christian church.

Ogden.

Matthew Ogden died Sunday morning in Champaign, after an illness of a week. He was born June 22, 1830 in Oldham, England, and married Miss Mary Whitehead, 62 years ago. They came to this country 44 years ago and settled near Jacksonville, where Mr. Ogden engaged in farming. They later moved to Champaign county and he retired from active work about 15 years ago. Three sons and three daughters aside from the widow survive. The funeral was held Monday afternoon, Rev. James C. Baker of Trinity M. E. church officiating.

Gore.

S. O. Shuff of this city has received word of the death of his brother-in-law, Joshua Gore, who passed away at the residence of his son, William in Talmage, Neb. Deceased was well known in this city while in Illinois his home was near Tallula. His wife was a sister of Mr. Shuff and died some years ago. The family home was in Greeley, Colorado. Mr. Gore was 80 years old at the time of his death and was widely known and respected.

Thomas.

Mrs. Millie Thomas died at the family residence, 606 South West street, Sunday morning at 4:16 o'clock of cancer. Deceased was about 85 years of age and was born in Coney, West Virginia. She was the mother of fourteen children only one of whom survives. She had been a resident of Jacksonville for the past nine years. The funeral was held from the residence Monday afternoon at 2:30 o'clock in charge of the Rev. E. L. Scruggs. Music was furnished by the choir of St. Emory Baptist church. Interment was in Jacksonville cemetery and the bearers were James Johnson, William Jones, J. L. Morgan, Henry Tandy, James Blue and George Clark.

An Important Trade Announcement

NO WINTER CLEARANCE SALE

You have read in the daily press and magazines and been told of the advancing costs of all kinds of textile fabrics, due to the present war, which has made almost prohibitive the use of dyestuffs formerly obtained abroad.

This condition prevents us from obtaining duplicates of our present stock at former prices.

The wholesale markets were never as low in desirable merchandise and preclude the possibility of supplying the same values as obtainable now.

Our clearing sales have always been a clearance of the remaining stock of the seasons end and we will not substitute for our regular standard merchandise merely to have a sale as a great many sales are conducted.

Therefore we make the unusual announcement that we will have no winter clearing sale. We have not advanced in price any article of merchandise in our store, notwithstanding present worth and continued advance, nor will we do so until every effort of our purchasing organization is exhausted.
